and on Monday, the nineteenth day of March, 1928, at 7.30 o'clock in the afternoon, then and there to act upon the following articles, viz:

**Article 2.** To choose and appoint all other Town officers in such manner as the Town may determine.

**Article 3.** To hear and act on the reports of Town officers and committees.

**Article 4.** To see what action the Town will take relative to unexpended balances and deficiencies of 1927.

**Article 5.** To see what disposition the Town will make of the money received from dog licenses.

**Article 6.** To see what sums of money the Town will appropriate for the necessary Town charges and expenses.

**Article 7.** To see if the Town will authorize the treasurer, with the approval of the Selectmen to borrow money in anticipation of revenue of the current financial year.

**Article 8.** To see what action the Town will take relative to the salaries of its Town officers.

**Article 9.** To see in what manner the Town will have its taxes collected and fix the compensation therefor for the current year.

**Article 10.** To see if the Town will appropriate the sum of sixty-four dollars and forty-nine cents (\$64.49) for electric current furnished for

police and fire alarm signals from November, 1923, to December, 1926, inclusive.

**Article 11.** To see if the Town will appropriate the sum of three thousand one hundred eighty-six dollars and fifty-six cents (\$3,186.56) to be paid to the Treasurer of Norfolk County on a judgment awarded in connection with the relocation and widening of Great Plain Avenue.

**Article 12.** To see if the Town will accept Chapter 32, Section 85, of the General Laws relating to pensions for permanent members of the police and fire departments, on petition of Charles M. Donahue and others.

**Article 13.** To see if the Town will appropriate the sum of twenty thousand dollars (\$20,000) for the construction of Central Avenue, provided the county and the department of public works, division of highways, each allot the sum of fifteen thousand dollars (\$15,000) for said construction, or take any action relative thereto.

**Article 14.** To see if the Town will accept Fair Oaks Park from May Street to Kingsbury Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk, on petition of Henry L. Shine and others.

**Article 15.** To see if the Town will appropriate the sum of four thousand dollars (\$4,000) for the construction of Fair Oaks Park from May Street to Kingsbury Street under the provisions of law authorizing the assessment of betterments as laid out by the Selectmen and according to a plan on file with the Town Clerk.

**Article 16.** To see if the Town will accept Burnside Road from High Street to Concord Street intersection, so-called, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk, on petition of Charles R. Wood and others.

**Article 17.** To see if the Town will appropriate the sum of four thousand dollars (\$4,000) for the construction of Burnside Road from High Street to Concord Street intersection, so-called, under the provisions of law authorizing the assessment of betterments as laid out by the Selectmen and according to a plan on file with the Town Clerk.

**Article 18.** To see if the Town will accept Wilshire Park from Great Plain Avenue to Harris Avenue, so-called, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk, on petition of Wilbert G. Blades and others.

**Article 19.** To see if the Town will appropriate the sum of eighty-five hundred dollars (\$8,500) for the construction of Wilshire Park from Great Plain Avenue to Harris Avenue, so-called, under the provisions of law authorizing the assessment of betterments as laid out by the Selectmen and according to a plan on file with the Town Clerk.

**Article 20.** To see if the Town will vote to construct a junior high school building on Greene's Field as recommended by the Special Committee appointed at the annual meeting in 1927 to investigate the needs for junior high school facilities, or take any action relating thereto.

**Article 21.** To see if the Town will vote to appoint a committee of nine to secure plans and estimates for a junior high school building on Greene's Field and report at a Special Town Meeting to be held not later than June 15, 1928, and that the sum of twenty-five hundred dollars be appropriated for the use of this committee, on request of the special committee appointed at the annual meeting in 1927 to investigate the

needs of junior high school facilities, or pass any vote or votes relating thereto.

**Article 22.** To see if the Town will vote to authorize the Selectmen to appoint an inspector of wires, in accordance with the provisions of General Laws Chapter 166, Section 32.

**Article 23.** To see if the Town will vote to amend its By-laws by striking out Section 43 and inserting in place thereof the following:

*Section 43.* The Selectmen, annually in April, shall appoint an inspector of wires. If his office becomes vacant or he is unable to perform the duties thereof, the Selectmen shall appoint a person as acting inspector of wires, who shall perform the duties of inspector of wires until another is appointed or the disability is removed.

**Article 24.** To see if the Town will vote to amend its By-laws by adding thereto any, or all, of the following:

*Section 43a.* No person, firm, or corporation shall install any wires or system of wiring intended for the transmission of electricity for light, heat, or power, in any building, or change the position of, or make additions to, any wires or system of wiring that is so intended, without first notifying the inspector of wires, who shall be given full opportunity to inspect the same.

*Section 43b.* No person, firm, or corporation shall connect with a current of electricity any wires or system of wiring intended for the transmission of electricity for light, heat, or power, in any building, until such wires or system of wiring shall have been inspected and approved by the inspector of wires, and a written permit issued by him to make such connection.

*Section 43c.* No certificate of inspection shall be issued unless the electric light, power and heating installations are in strict conformity with the provisions of the statutes of the Commonwealth of Massachusetts, and unless they are in conformity with the most approved methods of construction for safety to life and property. The regulations as laid down in the National Electrical Code as approved by the American Engineering Standards Committee and in the National Electrical Safety Code as approved by the American Engineering Standards Committee, and other installations and safety regulations adopted by the Town, shall be prima-facie evidence of such most approved methods.

**Article 25.** To see if the Town will vote to amend its Building By-laws by striking out of Article VI, Section 6, the title words "Apartment Houses," and substituting in the place thereof the words "Semi-detached Houses," so that this section shall read

### Semi-detached Houses

*Section 6.* All houses arranged for the occupancy side by side of two families or more shall have a fire-proof partition wall between apartments, consisting either of a brick wall, not less than eight inches thick, extending from the cellar bottom to the underside of the roof-boardings, or of a brick or concrete wall not less than eight inches thick, extending from the cellar bottom to the top side of the first floor timbers, and above that to the under side of the roof-boardings of two by four-inch studding, with the spaces between filled solid with bricks and mortar, or other fire proof material, not less than four inches thick to make a smoke-tight barrier between the apartments.

on petition of Charles H. McClare and others.

**Article 26.** To see if the Town will vote to amend Part A Article VI of its Building By-laws by adding thereto the following:

*Section 6a.* In districts zoned for such buildings, apartment houses, with walls of brick or other incombustible materials, with wooden floor and roof timbers, may be erected; such buildings not to exceed four stories, or forty feet in height above the finished grade of the lot. The ground area of such buildings shall not exceed 65 per cent of the area of the lot on which it is to stand, nor shall floor area exceed 3,000 square feet without intervening brick walls, constructed as specified in Article VI, Section 5, of the Town Building By-laws; stairs, halls, exits, fire stops, partition walls, etc., shall conform with the requirements of the Department of Public Safety of this Commonwealth, or as may be provided for in other sections of said Building By-laws.  
on petition of Charles H. McClare and others.

**Article 27.** To see if the Town will vote to amend its Building By-laws by striking out of Article VI, Section 45, the words "apartment houses" and "flat houses" so that the same shall read as follows:

#### **Definition of Tenement House**

*Section 45.* A "tenement house" is any house or building, or portion thereof, which is rented, leased, let or hired out, to be occupied, or is occupied, or is intended, arranged, or designed to be occupied as the home or residence of two families or more living independently of each other (which family may consist of one or more persons) and having a common right in the halls, stairways, cellar, water closets or privies, or any of them. Tenement houses, include lodging houses, and hotels, and for the purpose of this article, three lodgers in a hotel or lodging house shall be deemed the equivalent in numbers of one family. Dwelling houses occupied or intended to be occupied as the home or residence of one family, or more, if built in a continuous row of more than two houses, if the halls, stairways, yard, cellar, water supply, water closets, or privies or any of them are used in common, shall be deemed to be tenement houses and shall be subject to all the provisions of this act.

**Article 28.** To see if the Town will vote to amend its Zoning By-law, so-called, so as to change from a single residence district to a manufacturing district the area bounded easterly by Highland Avenue, southerly by Arbor Street, so-called, westerly by land of the New York, New Haven & Hartford Railroad Company, and northerly by Mills Road, so-called, on petition of H. Walton and others.

**Article 29.** To see if the Town will vote to amend its Zoning By-law, so-called, so as to change from a single residence to a business district the area bounded easterly by Highland Avenue, southerly by Hunnewell Street, northerly by land now or formerly of Virgil A. Rowe, and westerly by land of the New York, New Haven & Hartford Railroad Company, on petition of Alice Mitchell and others.

Webb and others.

**Article 31.** To see if the Town will vote to amend its Zoning By-law, so-called, so as to change from a general residence to a manufacturing district the area bounded southerly by Forest Avenue, co-called, and Fremont Street, so-called, westerly by Lenox Street, so-called, northerly by land of the New York, New Haven & Hartford Railroad Company,

and easterly by Franklin Street, so-called, on petition of Frank Generazio and others.

**Article 32.** To see if the Town will vote to amend its Zoning By-law, so-called by striking out paragraph (a) of Section 9 and in place thereof substituting the following:

(a) The limit of height in business and manufacturing districts shall not exceed forty feet,  
on petition of the Planning Board.

**Article 33.** To see if the Town will vote to authorize and instruct the Planning Board to submit to the next Annual Town Meeting a revision of the Town Building By-laws, or pass any vote or votes relative thereto, on petition of the Planning Board.

**Article 34.** To see if the Town will vote to amend its Zoning By-law, so-called, by striking out of Section 3 the words "In a single residence district no building shall be erected, altered, or used except for one or more of the following uses" and in place thereof substituting the following:

In a single residence district no building shall be erected, altered, or used, and no premises shall be used, except for one or more of the following uses.

or pass any vote or votes relative thereto, on petition of the Planning Board.

**Article 35.** To see if the Town will authorize its Selectmen, acting as its agents and attorneys in fact for and in behalf of the Town, to enter into a compromise settlement with the other legatees and devisees under the will of George E. Wye, substantially in accordance with a proposed agreement of compromise now on file with the Town Clerk, or pass any vote or votes relating thereto.

**Article 36.** To see if the Town will authorize its Selectmen to install two street lights on Coulton Park, on petition of Charles F. Kearney and others.

**Article 37.** To see if the Town will authorize its Selectmen to install three street lights on Riverside Street, on petition of Jacob Bielski and others.

**Article 38.** To see if the Town will authorize its Selectmen to install three street lights on Hillcrest Road on petition of Cora B. Goebel and others.

**Article 39.** To see if the Town will authorize its Selectmen to install one street light on Birds Hill Avenue on petition of Austin R. Stiles and others.

**Article 40.** To see what sum of money the Town will appropriate for the construction of particular sewers and house connections.

**Article 41.** To see if the Town will appropriate the sum of \$5,458.49 to reimburse the Sewer Construction Account for uncollectible sewer assessments made in 1926 against Town property, or pass any vote or votes relative thereto.

**Article 42.** To see if the Town will appropriate the sum of \$16,000 of the receipts from sewer assessments and payments made in lieu thereof for the purpose of extensions of the Common Sewers under the direction of the Sewer Commissioners, or pass any vote or votes relative thereto.

**Article 43.** To see if the Town will appropriate the sum of \$15,000 for the purpose of extensions of the Common Sewers, or pass any vote or votes relative thereto.

**Article 44.** To see if the Town will authorize its Treasurer, with the approval of a majority of its Selectmen, to borrow \$15,000 for the

purpose of extensions of its Common Sewers, as voted in Article 43 of this warrant, and in accordance with General Laws, Chapter 44, Section 7 (1), and the Acts in amendment thereto, and to issue its notes or bonds therefor, payable in accordance with General Laws, Chapter 44, Section 19, and the Acts in amendment thereto, so that the whole loan shall be paid in not more than five years, or at such earlier date as the Treasurer and Selectmen may determine.

**Article 45.** To see if the Town will vote to instruct the Memorial Park Trustees to erect a suitable wire fabric fence 72 inches high having three strands of barbed wire at top, on the southerly boundary of Memorial Park starting at the southeast corner and running westerly to Highland Avenue, on petition of Arthur W. Rohn and others, or pass any vote or votes relating thereto.

**Article 46.** To see if the Town will appropriate the sum of one thousand seven hundred dollars (\$1,700) for the construction of the fence referred to in Article 45, on petition of Arthur W. Rohn and others, or pass any vote or votes relating thereto.

**Article 47.** To see if the Town will accept the entire property and assets of the Glover Home and Hospital and operate the same as a Town Hospital to be known as the Glover Memorial Hospital, provided all necessary legal formalities are complied with in making a transfer of the same to the Town, including, if necessary, the sanction of the Supreme Court, or pass any vote or votes relating thereto, on petition of the Glover Home and Hospital, Trustees.

**Article 48.** To see if the Town will authorize and direct the Moderator to appoint a committee of five citizens to have charge of the celebration of the Fourth of July with authority to expend any money appropriated by the Town for such a celebration, or pass any vote or votes relative thereto, on petition of Needham Post 14, American Legion, and others.

**Article 49.** To see if the Town will appropriate the sum of one thousand dollars (\$1,000) for the celebration of the Fourth of July, 1928, or pass any vote or votes relative thereto on petition of Needham Post 14, American Legion, and others.

**Article 50.** To see if the Town will vote to amend its Zoning by-law, so-called, so as to change from a single residence to a business district the area bounded northerly by Central Avenue, easterly by Webster Street, southerly by land of the Town of Needham, westerly by land now or formerly of John M. Hodge, on petition of the Planning Board.

Wye, westerly by land of the New York, New Haven & Hartford Railroad Company, northerly by land of the William Carter Company, and easterly by Highland Avenue, on petition of the Planning Board.

**Article 52.** To see if the Town will vote to have the reports of its officers, the proceedings of this and subsequent Town Meetings, printed and distributed, or pass any vote or votes relative thereto.

And you are directed to serve this warrant by posting attested copies thereof in not less than twenty public places in said Town at least seven days before said meeting and to leave a copy at each of the several dwelling houses within said Town.

Hereof fail not and make due return of this warrant with your doings thereon, unto our Town Clerk, on or before said day and hour.

Given under our hands at Needham aforesaid this 21st day of February, A.D. 1928.

HENRY D. BLACKMAN,  
ALFRED J. MERCER,  
WM. P. BROWN,

*Selectmen of Needham.*

Needham, March 2, 1928.

Norfolk, ss.

By virtue of this warrant, I have this day, notified and warned the inhabitants of the Town of Needham, to meet as within directed, by posting true and attested copies of this warrant, in not less than twenty public places in said Town, more than seven days before the time of holding said meeting, and by leaving a copy at each of the several dwelling houses as within directed.

GEORGE TWIGG,  
*Constable of Needham.*

A true copy of warrant and Officer's return.

Attest:

CLARENCE E. FOSS,  
*Town Clerk.*

## RECORD OF THE ANNUAL TOWN MEETING

March 12, 1928

Pursuant of the foregoing warrant a meeting of the inhabitants of the Town of Needham, qualified to vote in elections and in town affairs was held in the Town Hall in said Town on Monday, March 14, 1927, at forty-five minutes past five o'clock in the forenoon.

The meeting was called to order by the Moderator.

*Voted*, To omit reading the articles in the warrant.

The return of the officer who notified and warned the inhabitants was read by the Town Clerk.

*Voted*, To proceed to ballot for the following town officers, viz:

## WARRANT FOR SPECIAL TOWN MEETING

Monday December 10, 1928

Commonwealth of Massachusetts

Norfolk, ss.

*To either of the Constables in the Town of Needham in said County,  
Greeting:*

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the Inhabitants of the Town of Needham qualified to vote in elections and in Town Affairs to meet at the Town Hall in said Town on **Monday, the tenth day of December, 1928**, at 7.30 o'clock in the afternoon, then and there to act upon the following articles, viz:

**Article 1.** To hear the report of the Special Committee on Schools appointed under Article 1 of the warrant for the special town meeting held April 25, 1928, and pass any vote or votes relative thereto.

**Article 2.** To see if the town will vote to authorize and direct its Selectmen to take by right of eminent domain proceedings for school purposes a certain parcel of land known as Richwagen's Hill, containing 9.97 acres more or less, bounded generally on the west by Memorial Park, north by land now or formerly of Richwagen, and land now or formerly of the Needham Real Estate Associates, on the east by Webster Street and on the south by land now or formerly of Bryer and land now or formerly of Johnston, as shown on a plan on file with the Town Clerk together with a forty-foot wide passageway leading from Rosemary Street southerly to said land as shown on said plan, and appropriate \$35,000 therefor, or pass any vote or votes relative thereto.

**Article 3.** To see if the Town will vote to issue its serial bonds or notes to an amount not exceeding \$35,000, to run for a period not exceeding five years at a rate of interest not exceeding five per cent per annum, the money received from the sale of said bonds or notes to be applied in payment of the land authorized to be taken under Article 2 of this warrant, or pass any vote or votes relative thereto.

**Article 4.** To see if the Town will vote to construct a New Senior High School Building on the land known as Richwagen's Hill described in Article 2 of this warrant, or pass any vote or votes relative thereto.

**Article 5.** To see if the Town will vote to rescind its vote passed under Article 21 of the warrant for the annual town meeting held March 19, 1928, whereby the Town voted that the Selectmen be instructed to petition the Legislature for permission to issue bonds to an amount not exceeding \$100,000 outside the debt limit for the purpose of building a junior high school.

**Article 6.** To see if the Town will vote to instruct its Selectmen to petition the Legislature for permission to issue its bonds or notes to an amount not exceeding \$400,000 outside the debt limit for the purpose of constructing and equipping a Senior High School Building, or pass any vote or votes relative thereto.

**Article 7.** To see if the Town will authorize and direct its Selectmen to take by right of eminent domain proceedings for school purposes a certain parcel of land containing approximately  $2\frac{3}{4}$  acres, the same being a part of the Broadley Farm, so-called, said parcel being bounded generally on the west by Beaufort Avenue, so called, north by Arden Street, so-called, east by Wyoming Avenue, so-called, and south by other land of Broadley as shown on a plan on file with the Town Clerk and appropriate \$8,000 therefor, or pass any vote or votes relative thereto.

**Article 8.** To see if the Town will vote to construct an elementary school building on the parcel of land described in Article 7 of this warrant, or pass any vote or votes relative thereto.

**Article 9.** To see if the Town will appoint a building committee with authority to select an architect or architects and to prepare plans for a new Senior High School Building to be erected on the parcel of land described in Article 2 of this warrant; and a new elementary school building on the parcel of land described in Article 7 of this warrant, or pass any vote or votes relative thereto.

**Article 10.** To see if the Town will appropriate the sum of \$2,500 for the use of the Building Committee authorized to be appointed under Article 9 of this warrant, or pass any vote or votes relative thereto.

**Article 11.** To see if the Town will vote to accept Chapel Street extended northerly through property of Clifford M. Locke to the junction of May Street and Highland Avenue as laid out by the Selectmen and according to a plan on file with the Town Clerk.

**Article 12.** To see if the Town will vote to instruct the Selectmen to accept from Clifford M. Locke a deed of land constituting the layout of Chapel Street extended northerly to the junction of May Street and Highland Avenue as shown on the plan referred to in Article 11 of this warrant or pass any vote or votes relative thereto.

**Article 13.** To see if the Town will direct its Selectmen to prepare a division of the town into convenient voting precincts as provided in General Laws, Chapter 54, Section 6.

And you are directed to serve this warrant by posting attested copies thereof in not less than twenty public places in said Town at least seven days before said meeting and to leave a copy at each of the several dwelling houses within said Town.

Hereof fail not and make due return of this warrant with your doings thereon, unto our Town Clerk, on or before said day and hour.

Given under our hands at Needham aforesaid, this 27th day of November A.D., 1928.

## NOTICE

---

The attention of parents is called to the law relating to the registering of Births. The present requirements are as follows:

Chap. 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Sec. 8. A parent . . . who neglects so to do for ten days after the time limited therefor, . . . shall forfeit not more than five dollars for each offense.

### Attention of Physicians and Midwives is Called to Chapter 280, Sec. 1, Acts of 1912

Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish to parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

# REPORT OF BOARD OF SELECTMEN

---

*To the Inhabitants of the Town of Needham:*

The following is submitted as the two hundred and sixteenth annual report of the Board of Selectmen:

## Organization

WILLIAM P. BROWN, *Chairman*

SAMUEL D. LOW, *Secretary*

WINTHROP M. SOUTHWORTH

S. MABEL MACKENZIE, *Clerk to the Board*

FRANCIS J. STANWOOD, *Agent*

*Insurance, Distribution of State Aid, Military Aid and Soldiers' Relief*

FREDERICK I. KINGSBURY, *Agent*

*Care of Graves of Soldiers and Sailors of the U. S. Army and Navy*

## Town Hall and Grounds

The corridors and all offices on the first floor were painted and floors oiled. A new and modern switchboard was installed in the main hall to operate the lights and has proved most satisfactory. The Roll of Honor on the corridor walls was painted out and attention is again called to the desirability of providing some permanent memorial for these names. The Board recommends that such permanent record be placed in the Town Hall.

This year it is hoped that linoleum can be laid in the main corridor, the main hall painted, a new stage setting provided, and the hall recurtained throughout. The plumbing is old and in need of extensive repairs. The necessity for additional office room has become so acute that the Board feels it is imperative that one or more of the larger offices be partitioned off. While all of this will make it necessary to ask for a substantially larger appropriation than in previous years, every effort has been made to keep the requirements of the Town Hall down to actual necessities and it is hoped that the Town will appropriate an amount sufficient to cover these repairs and changes.

## Highways

At the request of the Board of Selectmen the County Commissioners relocated and widened the southwest corner of Great Plain Avenue and Chestnut Street. This was made possible because of the tearing down of the old Bourne Block for the purpose of replacing it with a new one-story building. By widening at that time damages were confined to the smallest possible amount.

Central Avenue was completed and is now a first-class road from the Newton line to the Dover line. An effort was made to have at least a portion of the work done by the Town Highway Department. The State Department of Public Works, however, insisted that the whole job be let out to contract, and it was given to A. M. Miskel of Belmont.

The Board has petitioned the County Commissioners to relocate Greendale Avenue. The Commissioners have adjudicated on this street and will probably complete the relocation and widening this year. It is hoped to carry through Greendale Avenue with the aid of the State and County in the same way in which Central Avenue was built. When completed it is probable that Route 128 to the South Shore which now goes through Webster Street will be re-routed over Greendale Avenue.

With the removal of the Middlesex & Boston cars from the street the old rail has been removed and the road surfaced from Hillside Avenue to Chapel Street and a short section in Newton Upper Falls. This year it is hoped to take up more of the rail, including some sections on Great Plain Avenue towards Wellesley.

Needham Square has been rebuilt from the railroad track to Highland Avenue. This was a much needed improvement.

Through the generosity of Mr. Clifford M. Locke, Chapel Street was extended northerly to the junction of May Street and Highland Avenue. Mr. Locke built the street according to the highway specifications and presented it to the Town at a special meeting held in December.

A new seven ton Mack truck was purchased for the highway Department which has been in constant use on road work and will be used in connection with snow removal.

## Drainage

The work of properly draining the Town is being carried forward each year. This year drains were constructed on Green Street, Webster Street and Manning Street, and the Lincoln Street drain improved by laying pipe in sections and filling in the ditch. Consideration is being given to drainage at Needham Heights, with the possibility of a drain being laid

this year on West Street to relieve the Needham Heights Square situation. It is hoped to continue the drainage program this year.

### **Sidewalks**

Granolithic walks were laid on Prince Street, Wilshire Park and May Street, and a small section in front of the Junior High School. Two walks which were petitioned for after the appropriation had been exhausted will be built this year.

A new gravel sidewalk was built on Webster Street from Hurd's Corner; a gravel sidewalk and granite curb were laid at the northwest corner of Central and Great Plain Avenues which has been, until this was done, particularly dangerous to pedestrians. The Dedham Avenue walk was further extended and new walks built on Great Plain Avenue east and west of Central Avenue.

### **Bridges**

At a joint meeting of the Selectmen of Needham and Dover it was agreed that Newell's Bridge at the terminus of South Street in Needham and Willow Street in Dover would have to be rebuilt in the very near future. At the hearing before the County Commissioners two plans were presented, one to relocate the bridge further down stream and eliminating the dangerous curve which is now in the road, and the other to widen the present bridge without relocating it. No decision has been reached by the Commissioners as yet and work on the bridge will probably not be commenced until next year.

### **Street Lighting**

At the expiration of the street lighting contract in October, all the 32 C. P. lamps were removed and 80 C. P. lamps substituted. No renewal of the contract was possible as the Edison Company's policy is not to make further contracts. Needham is now on the regular schedule of prices for street lighting as determined by the Public Utilities Department.

Twenty-five small lights have been placed on accepted and unaccepted streets, fifteen 600 C. P. lights located, some of them replacing smaller lights, and three new 1000 C. P. lights installed.

### **Police Department**

After numerous conferences with Chief Mackenzie and Mr. Leonard Dawson, the Board is recommending the installation in 1929 of a police signalling system. The Board believes the installation of such a system in the Town would improve

the efficiency of the police department to a marked degree. It is of the utmost importance when emergency calls are received at Police Headquarters that the men who are on duty on the streets can be reached with the least possible delay. The Town covers a large area and has several important populated sections, all of which require the best means for controlling the police officers from police headquarters. This can best be accomplished by a modern police signal system, so that the men who are at distant points can be kept in touch with the Chief or his attendant at the Headquarters.

The system as laid out is intended to give service to the various sections and is arranged so that additions can be made as the needs of the Town demand without impairing any part of the previous installation. The system would consist of ten boxes with flashlights for recalling officers, a police desk and the necessary circuits and materials to operate the system.

The flashlights, horns, and controllers are located at the intersections of streets where the lights which are mounted on the brackets and posts will be visible in several directions so that the patrolmen can readily observe the same, besides citizens often apprise the officers regarding the flashing of the lights.

The cost of furnishing the apparatus and making the installation is estimated to be approximately twelve thousand dollars.

### **Precinct Voting**

In accordance with the instructions of the Town at the special meeting held in December, the Board of Selectmen has prepared a plan dividing the Town into precincts. It was found that the most reasonable proposition was to create four precincts, two north of Rosemary Street and two south of it.

### **Traffic Signals**

Because of the large amount of traffic in and through Needham Square, the Board deemed it necessary to install automatic signals for the better control of the traffic. Two were installed at Needham and one at the intersection of West Street and Highland Avenue in Needham Heights Square. We hope the project which was started this year will be continued from year to year to as large an extent as the Town finds it possible.

### **Municipal Storage Building**

Numerous conferences were held with the Sewer Commissioners in regard to the establishment of a storage building

and Town yard. This Department and the Highway Department are agreed that the land now owned by the Town on Howland Street would make a satisfactory location for such a building. Accordingly plans were drawn up upon which both departments are agreed and it is believed that at cost not exceeding fifteen thousand dollars a very satisfactory storage building and yard can be established. There is paid each year for storage of equipment of the highway and sewer departments more than enough to pay the interest on this investment. In addition all of the Town's equipment would be housed in a heated building and under one roof where it can be properly cared for and account kept of it.

### Gas Rate

In as much as the approximate twenty-five per cent (25%) increase in rate proved to be very unsatisfactory, the Board, acting in conjunction with Framingham, Natick, and Ashland brought the matter before the Public Utilities Department for further hearing. Expert counsel and a consulting engineer have been employed and the matter is still in abeyance. The Board is in no way opposed to the extension of gas in the Town and immediately on adjustment of the rates, opening of the streets will be permitted as formerly. In no case has the Board interfered with service connections where the main is already laid in the streets.

### Law Department

During the year 1928 the only case brought against the Town was a petition for damages for taking land for the laying out of Wilshire Park.

There are in all now pending against the Town the following cases:

Name	Cause of Action	Year
Kathryn A. Greene	Taking for Wilshire Park	1928
Lemage Ramey	Taking of land for sewers	1926
Mary A. Storey, <i>et al.</i>	Damages for the discontinuation of Day Street	1919
Clara M. Holmes	Damages for falling on high school steps	1921
Name	Cause of Action	Year
Babson Institute	Abatement of taxes	1923
Babson Institute	Abatement of taxes	1924
Babson Institute	Abatement of taxes	1925
Babson Institute	Abatement of taxes	1926
Babson Institute	Abatement of taxes	1927
Babson Institute	Abatement of taxes	1928
Building Inspector <i>vs.</i> Eaton		1927

The Commissioner, to whom the Babson cases and similar cases against the Town of Wellesley were referred, has filed his report to the effect that the Babson Institute is an educational

institution and tax exempt. Wellesley intends to contest this finding. These cases against Needham will be determined when the Wellesley cases are finally decided.

The Storey and Holmes cases are on the inactive list and probably will be dismissed without actual trial.

The Ramey case may be settled when the so-called Lincoln Street drain is completed.

The Master's finding in the Eaton case was not satisfactory, and both parties have filed exceptions to the report. This case comes on for hearing in February, 1929, unless sooner settled.

The George Fred and Frances A. Williams cases for damages for discontinuing Day Street have been settled without payment of damages. Thanks are due to both Mr. and Mrs. Williams for their kindly feeling toward the Town in this matter.

The Board of Selectmen wishes to express its appreciation of the splendid spirit which has been shown by all the departments in working together for the best interests of the Town and is especially appreciative of the co-operation of the Sewer Department in notifying the Board of its intention to lay sewers in the various streets.

## REPORT OF SUPERINTENDENT OF STREETS

---

*To the Honorable Board of Selectmen:*

I herewith submit the report of the Highway Department for the year 1928.

The past year has been one of progress; a year that can be looked back to with satisfaction by everyone connected with the Department.

The outstanding features were the building of a section of the Square and the widening of Chapel Street giving us a Square which is a credit to the town. I believe our streets will compare favorably with the streets of any town in the state.

Car tracks were removed from Highland Avenue, Hunnewell Street and a section of Central Avenue at Upper Falls giving an added width of ten feet for travel.

Washburn Avenue was regraded and rebuilt.

The section of Noyes Street between Great Plain Avenue and Central Avenue was built.

Fisher Street was built from South Street to the Railroad completing the work started last year.

### Bituminous Construction, 1928

Needham Square .....	3,000 sq. yds.
Chapel Street .....	1,600 sq. yds.
Fisher Street from South Street to Railroad .....	1,600 sq. yds.
Washburn Avenue .....	1,350 sq. yds.
Chestnut Street corner South Street...	223 sq. yds.
Car Tracks .....	9,900 sq. yds.
Noyes Park .....	450 sq. yds.

### Gravel and Tar

Charles River Street from Grove Street to the River, a distance of 3,500 feet was gravelled and tarred, completing the work started in 1927.

High Rock Street was gravelled from Central Avenue to South Street a distance of 6,480 feet.

Dale Street was laid out and built and a sidewalk constructed.

Manson Road was gravelled and tarred.

Charles River Street .....	3,500 linear feet
Manson Road .....	325 linear feet
Dale Street .....	1,000 linear feet
High Rock Street .....	6,480 linear feet

### Street Surfacing

There was a total of 55,162 gallons of Tarvia A and B used for street surfacing. A larger quantity will probably be required this year.

### Streets Built Under the Betterment Act

Wilshire Park .....	4,200 sq. yds.
Burnside Road .....	1,650 sq. yds.
Fair Oaks Park .....	1,750 sq. yds.

### Granolithic Sidewalks

Wilshire Park .....	780 sq. yds.
Prince Street .....	655 sq. yds.
May Street .....	215 sq. yds.
Highland Avenue .....	205 sq. yds.

### Gravel Sidewalks

Over three miles of gravel sidewalks were built this year on the following streets:

Washington Avenue .....	1,000 linear feet
Greenwood Avenue .....	1,050 linear feet
Bradford Street .....	1,300 linear feet
Brookline Street .....	500 linear feet

Hurds Corner .....	700 linear feet
Great Plain Avenue West .....	3,200 linear feet
Kingsbury Street .....	1,700 linear feet
Dedham Avenue .....	450 linear feet
Manning Street .....	1,300 linear feet
Burnside Road .....	1,125 linear feet
Wilshire Park .....	1,550 linear feet
Fair Oaks Park .....	1,120 linear feet
Cleveland Road .....	300 linear feet
West Street .....	200 linear feet
Dale Street .....	1,000 linear feet

### **Central Avenue**

Due to the policy of the Department of Public Works that all street jobs calling for an appropriation of over \$15,000 must be let out to contract, Central Avenue was finished by a contractor instead of by the Highway Department as in former years.

### **Drainage**

Drains were laid on the following locations, pipes ranging in size from eight inches to three feet:

Webster Street .....	200 feet
Brookline Street .....	250 feet
Green Street .....	1,000 feet
Highland Avenue .....	600 feet
Dedham Avenue .....	400 feet
Lincoln Street .....	300 feet
Warren Street .....	320 feet
Chapel Street .....	200 feet
Upper Falls .....	150 feet

### **Mack Truck**

A Five-Ton Mack Truck was purchased for the Department this year. From the date of delivery to December 1st it had worked 180 days at a total cost of \$1,709.67. If the truck had been hired the cost would have been \$4,320.00 thus showing a saving of \$2,610.33 for the Town. On this basis the truck will have paid for itself in two years.

### **Crusher**

The crusher was operated almost continuously during the year. The present plant cannot be operated longer than this coming year as the stone supply will be exhausted.

A detailed financial report of this Department will be found in the Accountant's report.

### **Recommendations**

The Square should be finished this year from Highland Avenue to Warren Street.

Webster Street should be started on the County layout.

The car tracks on Great Plain Avenue should be removed.

While more drainage has been done in the last three years than in the preceding twenty-five, considerable more needs to be done. The outlet of the Howland Street brook has never been adequate to carry off the flow and most of it is on Railroad property. This should be changed and a larger pipe installed. Some more sections of this brook should be covered. Three main drains needing attention at present are Needham Heights Square, Great Plain Avenue from Melrose Avenue to Webster Street, and Great Plain Avenue from Newell Avenue to Nehoiden Street.

The Department needs a new one and a half ton dump truck and it will be necessary to purchase a new roller if the streets petitioned for are built this year as one roller cannot do the work.

I wish to thank the other Town Departments for the help which they have extended to the Highway Department during the year.

I wish to take this opportunity to express my appreciation to your Honorable Board for your co-operation and support.

Respectfully submitted,

JOHN OVERTON,

*Superintendent of Streets.*

## REPORT OF POLICE DEPARTMENT

---

January 24, 1929.

*To the Honorable Board of Selectmen:*

I herewith submit the annual report of the Police Department for the year ending December 31, 1928.

One new man has been added to the Department this year and another sergeancy created, so that the organization of the force is eight patrolmen, two sergeants and the chief. The new sergeant will be expected to do patrol duty during part of the night supervising the work of the regular men.

The Department has been compelled in many cases to refuse to use the patrol wagon as an ambulance for the transporting of sick persons from their homes to hospitals nearby. This was not because of unwillingness to do so, but because the present patrol wagon is unsuitable for use as an ambulance and should not be used as such except in cases of emergency. With a stretcher in use there is no room on the inside of the wagon for a doctor, nurse, or other attendant. I should like

to make it clear that the present patrol wagon is satisfactory for all ordinary police purposes, but that it is not fit for use as an ambulance. It is possible that with the taking over of the Glover Hospital some provision should be made for ambulance service.

For several years the question of a police signalling system has been thought of as a future need of the department. This year a careful study has been made of the local conditions with a view to finding the most economically efficient way of placing in operation such a system. Investigation has shown that the installation of ten boxes with two additional flash lights this year, a system which can be put into operation at a not prohibitive cost, would, it is claimed, insure an increase of fifty per cent in the territory which can be policed with the present force. Such a system would make the work of the motorcycle officers more effective and at the same time make them more available in cases of emergency. I certainly favor having such a system installed if the town feels that it would benefit by such installation.

For equipment this year I am asking that the two motorcycles now in the Department be turned in in exchange for two four-cylinder motor cycles. These are in many places replacing the old type motorcycles. The advantage being an increase in speed and an appreciable lessening of noise, the claim being made that they make no more noise than a four-cylinder motor car. The usual practice of turning in the police car each year will be followed. This year I hope to get a closed car rather than another open one, which in the winter time, when officers are compelled to use it in all kinds of weather, very frequently is so cold and uncomfortable as to be a menace to health.

The new traffic signals which have been put into operation this year are, I think, a material aid in keeping the traffic moving without unnecessary delay or confusion. At the present writing the hand control has not been properly adjusted, and I am therefore unable to give definite instructions for pedestrians. It is safe, however, to say that children should be instructed to cross the street when the light facing them is green, keeping watch for cars which turn the corners. Last year I asked parents to warn children against dodging out from behind cars into the street. We have had a number of serious though not fatal accidents from this habit of the children this year, and I again ask parents to warn against the practice and that care be taken in crossing the streets.

Needham has been exceptionally fortunate this year in that it has had no fatal automobile accidents.

The following is the record of the court cases handled during the year:

Number of cases .....	284
Number of males .....	266
Number of females .....	18
Number of residents .....	131
Number of non-residents .....	153
Number of juveniles .....	10
Number of adults .....	274

## REPORT OF THE SUPERINTENDENT OF FIRE ALARM

---

Needham, Mass., December 31, 1928.

*To the Honorable Board of Selectmen:*

*Gentlemen:*—I herewith submit my annual report as Superintendent of Fire Alarm of the Town of Needham for the year ending December 31, 1928.

On July first the work on the Mutual Aid fire alarm connection with the City of Newton was completed, the work being done by the permanent members of the Fire Department. Newton signals are now recorded at both stations in Needham, and the Needham alarms are sounded at the fire station at Newton Upper Falls, which is now operating satisfactorily.

During the year four new Peerless Type alarm boxes have been added to the system, and three old type boxes have been discarded and been replaced by three modern type fire alarm boxes. The work of tree trimming, changing of wire location on poles has been greater this year than for several years past, new developments having called for extensive changes.

Fire alarm boxes have been tested, poles and boxes repainted and the general system has been kept in good operating condition.

Additional red light domes to better indicate a fire alarm box at night have been installed during the year.

### **Recommendations for the Coming Year**

The work truck now being used by the Fire Alarm Department has been in service five years and it is necessary that provision be made for the purchase of a new service truck. A satisfactory proposition will be the purchase of a one and one-half ton Ford truck arranged for this special service.

There are several sections of the Town where new Signal wires will have to replace the old lines, so that a liberal sum should be provided to carry on this important work.

Three new fire alarm boxes, and the replacement of three old type boxes should be provided for this year.

The Schools of our Town which are not provided with the up-to-date method of signaling, should be connected to the fire alarm box near the building, so that the alarms can be sent over the fire alarm system; they should also be provided with necessary signaling features so that the children and teachers in the school can be notified by fire alarm in case of fire.

The Wellesley and Newton mutual aid connection having proved to be of great value I recommend that steps be taken for arranging a similar connection with the Town of Dedham.

The work of maintaining this department is now carried on by the permanent members of the Fire Department under direction of the Chief. Mr. Leo C. Brady is now serving as Assistant Superintendent and is rendering good service in this capacity.

I desire to thank the Selectmen and members of the several Departments of the Town also the members of the Fire Department for their assistance and co-operation.

Respectfully submitted,

T. ROBERT QUINLAN,  
*Superintendent of Fire Alarm.*

## **REPORT OF THE BOARD OF ENGINEERS OF THE FIRE DEPARTMENT**

---

Needham, Mass., December 31, 1928.

*To the Honorable Board of Selectmen:*

*Gentlemen:*—The Board of Fire Engineers respectfully present the report of the Fire Department for the year ending December 31, 1928, the 43rd of the department.

## The Manual Force

The manual force of the Fire Department, as last year, consists of 40 men as follows: the permanent force, chief, one lieutenant, and six men; the call force, twenty-six men as follows: two assistant chiefs, four captains, and twenty men. A supply man was engaged about five months of the year; Capt. Wallace Rae and Hoseman Irving Dawson serving in this capacity at different times.

During the year three permanent men resigned from the department. Lieut. Daniel J. Sullivan, Jr., and Driver Harold R. Sullivan of Ladder 1, the latter of whom in addition to his duties as fireman, was assistant superintendent of fire alarm, resigned on May 1. Carl R. Parker resigned November 19, Leo Brady of Combination 1 was appointed Asst. Supt. by Supt. of Fire Alarm T. Robert Quinlan. John A. Keith was advanced from substitute to permanent fireman April 27, and the same dates, Samuel Smith was appointed from the call force to substitute on the permanent force. He was later, November 19, advanced to regular position and the same date Everett Brown, call man of Ladder 1, was appointed substitute on the permanent force. Walter Mullen of Combination 1 was made lieutenant on October 17.

There were two resignations from the call force, one of these being that of Capt. John F. Gaughan of Combination 1, who left the department after 16 years service. Captain Gaughan resigned to take up his duties as police officer. He was presented with a clock as an expression of good will from fellow firemen. Albert S. Holt, Combination 1, was made captain of that company to fill the vacancy caused by Mr. Gaughan's resignation. One member of the Department's call force was dismissed. During the year six new men were appointed to the call force.

## Apparatus

The apparatus of the Department consists of four pieces of motor and one horse-drawn, as follows: One White combination hose and chemical, and one American-LaFrance Ladder truck at Station 1; one White combination pump, hose, and chemical at Station 2; while the horse-drawn combination hose and chemical wagon is stationed at Charles River; and one chief's car. The motors are in good mechanical condition and the necessity of extensive repairs is not anticipated.

Engine 1, was repainted and engine and motor were overhauled during the past year. At the same time certain improvements were made, including the re-locating of the chemical tank.

Ladder 1, exclusive of the ladders which are refinished by

the permanent men, is in need of painting and new tires. This piece of apparatus is now in its seventh year of service and has not been painted or varnished since it was put into commission. It is intended to replace the original solid tires with cushion tires.

### Hose

There is at present 5,100 feet of serviceable 2½ inch hose, 200 feet of 3 inch, and 450 feet of chemical hose. All hose has been tested at a 200 lb. pump pressure and a card filing system has been installed to keep a record of each length of hose.

### Hydrants

Through arrangement made with Commissioner William A. Mann, the Boy Scouts assumed the responsibility of keeping the hydrants clear on the residential streets.

### Fire Stations

The two wooden fire stations have been maintained in as good a condition as their age permits, and it was necessary to spend over \$300 for this purpose. The latter part of December sewer connection was made at Station 1; while Station 2 was so connected the year previous. As last year, painting inside, digging of sewer ditch to street line, and other work has been done by the permanent men.

### Fire Prevention

Fire prevention is generally recognized as an important part of the work of a modern fire department. During the past year 544 building inspections have been made and recorded, besides bi-weekly inspections in the mercantile districts. It is gratifying to note that cellar hazards are reported as greatly lessened.

During fire prevention week, in addition to inspection work, Chief Quinlan, with firemen, visited all school buildings and called test fire drills, keeping the time used in vacating the different school buildings.

### Drills

The Board wishes to express appreciation of the courtesy of Fire Commissioner Esterbrook and Chief Allen of Brookline. Permanent firemen of this Department were extended the privilege of attending the Brookline drills conducted in July and August. These were held with modern fire fighting apparatus and appliances under direction of Capt. George Murray, graduate of the New York drill school and fire

college, and drillmaster of the Brookline Department. Captain Murray's qualities as an officer earned the respect and esteem of the firemen and this was later expressed when he was presented with a clock at a supper held in Needham. The Needham firemen, who were highly commended by Brookline authorities, felt that they had gained useful knowledge. Local drills held were with apparatus from May to September.

During the year firemen were afforded the opportunity to be present at a demonstration of an inhalator and a talk on first aid by Mr. Thomas Seagrave of The Mines Safety Appliance Company of Pittsburgh and Dr. Edward Sullivan, dean of the Boston College of Osteopathy. The firemen also availed themselves of an opportunity to hear Chief Ahearn of Watertown, Chief Allen of Brookline, and Chief Randlett of Newton talk on fire department work.

### **Mutual Aid**

On July 2, 1928, fire alarm connection with Newton was completed as recommended by this Department and authorized by the Town in March. Engine Company 1 responds under certain conditions in Newton and the latter Department responds with Hose 7. The particular value of the arrangement, as approved by the Board, is the response of the Newton apparatus to border line boxes to which it is closer located than the Needham apparatus. At the same time it provides for two hose pieces instead of one. Newton also responds on second alarms from boxes in the mercantile centres at high risk places. Newton has responded to six Needham alarms while this Department has not as yet had occasion to respond to Newton.

Under the mutual aid arrangement with Wellesley the latter Department has continued its "covering-in" as well as at the fire service, so that in event of the three motor pieces of this department being called out, Wellesley apparatus responds to local headquarters.

### **Fire Loss**

Fire prevention work is again encouraged by the fact that the Town has had few serious fires and a low fire loss. This is estimated at a total on buildings and contents of \$16,597. practically the same as last year.

### **Recommendations**

The Board recommends the purchase of a forest fire truck, with small pump, hose, etc. The purchase of such a piece would mean that the expensive and heavy apparatus now responding to grass and wood fires, could remain in the stations

to respond to building fires. When not in use as a forest fire piece, the proposed apparatus could be otherwise usefully employed.

The Board again urges serious consideration of new quarters for the Department. Not only are the stations old, but in a year or two at the most, with the growth of the Town demanding a larger department, housing facilities will be entirely inadequate.

The Board recommends a salary increase of \$200 a year for members of the permanent force; and a reduction of the four-year grading to three years. Under the present schedule three years' service must be completed before the maximum pay is reached (at the beginning of the fourth year) and the pay of the first year man, who must buy uniform, etc., is but \$1,700. The Board believes a three-year grading ample and fairer than the present four-year scale.

The Board recommends the addition of two men to the permanent force.

### Summary for the Year

The total number of alarms for the year was 252, of which 195 were bell alarms and 57 were still alarms. There were 14 out-of-town calls as follows: 12 were to Wellesley, 2 to Dover. Five of the bell alarms were second alarms, 7 were false, 20 were needless, and 1 Boy Scout Call.

Four calls were made upon the Department in emergencies other than fire as follows, rescue cats from trees, 3; Automobile in river, 1.

The amount of hose used during the year was 21,350 feet, the number of gallons of chemical used was 1,273, and there were 443 feet of ladders raised in the extinguishing of fires.

There were a total of 201 fires during the year, and these, exclusive of 8 chimney fires, classified as follows:

Automobiles .....	13
Dumps .....	19
Frame Buildings .....	30
Grass, Brush and Woods .....	117
Miscellaneous including rubbish, etc. ....	14

Probable causes of fires, exclusive of 7 undetermined, are as follows:

Back fire (auto) .....	4
Burning grass and brush .....	6
Burning rubbish .....	4
Burning with permit .....	9
Burning without permit .....	4
Careless smoking .....	35
Children .....	9
Carelessness .....	2

Chimney (sparks from) .....	2
Chimney (defective) .....	1
Defective heating systems .....	4
Electric wires (overloaded) .....	1
Electric wires (short circuit) .....	9
Fireplace .....	1
Filling gas tank with motor running .....	1
Incendiary .....	46
Incinerators .....	3
Locomotive (sparks from) .....	8
Lightning .....	1
Steam shovel (sparks from) .....	5
Thawing water pipe with lamp .....	1
Miscellaneous causes .....	30

A study of causes show that a large percentage of the fires were preventable. The Board asks each one to inspect his surroundings with a view to preventing possible causes of fire, such, as for example, a forgotten pile of rubbish, an accumulation of discarded articles, etc. Each householder can do much to promote the safety of his family, and in so doing the public safety.

The amount of value, insurance, and estimated loss by fire is as follows:

*Value of buildings at risk .....	\$63,650 00
Value of contents at risk .....	44,100 00
Total .....	\$107,750 00
Insurance on buildings .....	66,350 00
Insurance on contents .....	25,300 00
Total .....	\$91,650 00
Loss on buildings .....	8,039 50
Loss on contents .....	8,557 25
Total .....	\$16,596 75
Insurance paid on buildings .....	9,409 65
Insurance paid on contents .....	9,242 36
Total .....	\$18,652 01

\* Assessed Value.

(Records complete except one fire on which figures have not been reported.)

The Board wishes to express appreciation of the courtesy shown by all town departments and neighboring fire departments.

Respectfully submitted,

Chief T. ROBERT QUINLAN, *Chairman*,  
 Assistant Chief GEORGE W. HOLT, *Clerk*,  
 Assistant Chief DANA L. SOUTHWORTH,

*Board of Engineers, Needham Fire Department.*

## REPORT OF FOREST WARDEN

---

December 31, 1928.

*To the Honorable Board of Selectmen:*

*Gentlemen:*—I herewith submit my annual report as Forest Warden.

During the year 1,241 permits were issued for the burning of grass, brush and rubbish. In some cases where permits were issued carelessness in burning resulted in much damage to adjoining property, and in causing many hours labor by the Fire Department. The great amount of grass in the outlying sections not cut in recent years, makes it difficult to burn in those particular sections but there still continues to be some who take chances of burning without permits. This many times results in having to call the Fire Department which means being called upon to reimburse the Town for the expense of extinguishing the fire.

The service of the Boy Scouts in extinguishment and prevention work of forest and grass fires and their general co-operation in this important work is greatly appreciated and certainly deserves credit.

Residents desiring to build fires in the open between March first and December first may obtain permits at Fire Department Headquarters, Needham, or at Station No. 2, Needham Heights.

The notices relative to securing a permit from the Forest Warden before setting a fire in the open were published in the *Needham Chronicle* during the month of February.

The following are extracts from the Massachusetts Forest Fire Laws:

### Setting of Fires in the Open Air

No person shall set, maintain or increase a fire in the open air between March first and December first except by written permission of the state fire marshal, within the metropolitan fire prevention district as defined in section twenty-eight of chapter one hundred and forty-eight, or, outside, thereof of the forest warden or chief of the Fire Department in cities and towns, or, in cities having such an official, the fire commissioner; provided, that debris from fields, gardens, and orchards, and leaves and rubbish from yards may be burned on ploughed fields by the owners thereof, their agents or lessees, if such fire is at least two hundred feet distant from any sprout or forest land and at least fifty feet distant from any building and is properly attended until extinguished; and provided, further, that persons above the age of eighteen may set or maintain a fire for a reasonable purpose upon sandy

land or upon salt marches or sandy or rocky beaches bordering on tide water, if the fire is enclosed within rocks, metal, or other non-inflammable material. The forest wardens in towns and officials performing the duties of forest wardens in cities shall cause public notice to be given of the provisions of this section, and shall enforce the same. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one month, or both. G. L. Chap. 48, Sect. 13.

Respectfully submitted,

T. ROBERT QUINLAN,  
*Forest Warden.*

## REPORT OF COMMITTEE IN CHARGE OF TOWN NURSERY

---

### *To the Selectmen of Needham:*

Three years ago the Town voted to establish a Town Nursery for the purpose of propagating and raising shade and ornamental trees to be used in street planting and on parks and reservations. At that time the undersigned were appointed to have charge of this work for three years. This period is now completed and the present committee hands over to their successors a well-established nursery of about 6,000 young trees. Each year the committee has been able to turn back to the Town a portion of its appropriation. The actual cost of the nursery to date has been under \$400.

The exact value of the stock as it now stands is a little difficult to estimate. At the present retail price the Catalpas alone are worth at least \$1,500. The American Elm section might be estimated in the neighborhood of \$1,000. It is safe to say that the trees as they stand in the nursery today represent a value of between \$3,000 and \$5,000.

It has not been necessary to break any new ground during the past year. The work of the past season has included trimming, heading, cultivation and transplanting. The trees transplanted last season will remain where they now stand until removed for final setting in street development work. The tree warden expects to use the best of the Catalpas this next spring on some of the newly developed streets of the Town. It is suggested that such trees would make a fine showing on the extension of Harris Avenue now under consideration. Some of the American Elms will be ready when Central Avenue is in condition for such planting and it is thought that the

Nursery will be able to furnish all that will be needed for that purpose. This committee does not advise the addition of any new stock this season.

Last spring, during the roadside brush cutting, the Tree Warden salvaged more than eighty fine young trees that would normally have been destroyed. Among these are Black Walnut, White and Black Oak, Maple and Elm. They range from twelve to eighteen feet in height. Some of them will be used for street planting this spring. These trees alone are worth more than double the total cost of the nursery during the past season.

Respectfully submitted,

IRVING. H. COWDREY, *Chairman*,  
GEORGE TWIGG,  
ALLAN D. McINTOSH.

## REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

---

*To the Honorable Board of Selectmen:*

*Gentlemen:*—I herewith submit the report of the Moth Department for the year ending December 31, 1928.

The satin moth infestation in all parts of the Town was very bad. Poplar and willow trees on private estates suffered the most. Hardly a poplar tree in the Town escaped without some damage. This caterpillar is a very ravenous feeder and quickly defoliates the trees. Its habit of depositing eggs twice a year makes it a very dangerous pest and difficult to control. A spray of arsenate of lead, five pounds to fifty gallons of water, applied from the first to the fifteenth of June, will probably control both broods.

If possible, the tent caterpillar pest was worse this year than ever before. The roadside trees in all sections of the Town were made unsightly with their webs. Fruit trees of all kinds and other trees on private estates suffered badly. We did four hundred dollars worth of early spraying for this pest on private property, beside roadside spraying on practically every street in Town. The wild cherry is the host tree for this caterpillar and should be eliminated from the vicinity of all fruit trees. The tent caterpillar is the earliest hatched insect of all the pests, and begins to feed before the buds are well developed. Spraying for them should commence early in May when the leaves are as large as a mouse's ear — using five pounds of arsenate of lead to fifty gallons of water.

The web worm appeared in increased numbers in all sections of the Town. This caterpillar hatches in August, and they at once build their huge and unsightly nests. There may be three or four of these webs in one tree, and when this occurs, the tree is pretty well covered with their nests. They do all their feeding under this web which is practically spray proof, and makes their suppression very difficult. Beside spraying with arsenate of lead, this Department has clipped off and burnt over two thousand of these nests, thus destroying thousands of the caterpillars. This worm is found on all kinds of fruit, shade and woodland trees.

The elm leaf beetle caused very little trouble in Needham this year. There were four outbreaks in different parts of the Town, but were easily controlled with a lead spray.

The oak leaf roller caused very little trouble in Town this year, one colony only appearing in the vicinity of Manning and Hemlock Streets.

The usual amount of scouting for the browntail moth was done and very few webs were found. The disappearance of this pest was caused by natural parasite enemies and it may break out again in this town any year. It has reappeared in the South and North Shore towns in large numbers and is causing very much worry.

The gypsy moth was found in all parts of the Town in small numbers, but was effectively controlled by timely spraying. However, in our creosote work this winter, 1929, we still find them, showing that we did not eliminate them completely, or else the moth flew or was blown in from our adjacent towns which had serious infestation. While the gypsy moth conditions in this Town are not alarming, there will have to be a very careful effort made to prevent a reoccurrence of this pest. All Town parks, school yard and other Town shade trees that required it were sprayed.

Over two tons of chemicals were used in moth work. The work on private estates totalled nearly \$1,700.

We wish to thank the private property owners for their continued co-operation.

GEORGE TWIGG,

*Local Superintendent of Moth Department.*

## REPORT OF TREE WARDEN

---

*To the Honorable Board of Selectmen:*

*Gentlemen:*—I herewith submit the annual report of the Tree Warden Department, for the year ending December 31, 1928.

This year eighty-seven elm and hard maple trees were bought and planted, all of which made good growth and

entered the winter in good condition. These trees were bought from the Little Tree Farm, Framingham, and cost \$3.50 each.

Six young trees of the 1926 and 1927 planting had to be replaced on account of injury received from automobiles and horses. Three were broken off level with the ground, the other three so mutilated that they had to be removed. There was also considerable bark injury to a number of trees caused, I presume, by school children with knives whittling the bark. Parents should caution their boys against this as it is liable to cause serious injury to a young tree.

A large amount of brush cutting has to be done every year at street intersections and curves to give unobstructed vision in all directions, and a clear margin on all streets that have no built sidewalks. Such precaution is absolutely necessary for safety of pedestrians and the work has been accomplished by this department.

A number of trees were removed this year, three of which were lingering patients of the ice storm of several years ago. The eight trees that were removed on Great Plain Avenue between Maple Street and the railroad crossing were all slowly dying. This condition has been brought about by cutting the roots for cellar and sidewalk construction, and the trees would have been very short lived.

A great deal of trimming and removing dead wood from shade trees has been done. More of this work will be accomplished before spring.

A careful inspection has been made of all our shade trees and all injured trees have received treatment to prevent decay and disease.

The Department asks that the same appropriation of \$1,500 as last year be made so that we may continue our street tree planting and other work.

GEORGE TWIGG,  
*Tree Warden.*

## REPORT OF SEALER OF WEIGHTS AND MEASURES

---

### *Needham Board of Selectmen:*

*Gentlemen:*—The annual report of Sealer of Weights and Measures is submitted as follows:

One hundred and twenty-three annual inspections were made. Other inspections were frequently made and no irregularities found.

The work of this Department has been largely increased by the added number of gasoline pumps.

WILLIAM H. STANTON,  
*Sealer of Weights and Measures.*

## REPORT OF DOG OFFICER

---

*Needham Board of Selectmen:*

*Gentlemen:*—The report of the Dog Officer is submitted for the year ending December 31, 1928:

Number of dogs licensed six hundred and eighty-two, an increase of fifty-two over 1927.

Several stray dogs have been killed.

Complaints are constantly being made of dogs running at large all the time. If the owners of dogs would consider the feelings of their neighbors and restrain their dogs more, it would lessen the complaints and give great satisfaction to parents whose children are afraid of dogs.

WILLIAM H. STANTON,  
*Dog Officer.*

## REPORT OF THE BUILDING INSPECTOR

---

December 31, 1928.

*To the Honorable Board of Selectmen:*

*Gentlemen:*—I herewith submit my twelfth annual report as Building Inspector and the sixteenth of this Department.

The estimated cost of construction, a total for the year of \$1,205,795 is shown by the monthly issue of permits as follows:

	No. Permits	Estimated Value
January	31	\$129,685 00
February	6	15,950 00
March	20	64,325 00
April	34	141,600 00
May	28	78,375 00
June	24	117,950 00
July	28	77,100 00
August	29	101,625 00
September	33	177,125 00
October	33	132,175 00
November	19	111,825 00
December	18	58,060 00
	<hr/> 303	<hr/> \$1,205,795 00

This is an increase in the value of construction from 1927 of \$145,570 and an increase in the number of permits issued of 41. There were 14 more dwelling permits issued this year than last, and there was an increase in value over last year of \$75,000.

The number of building permits issued from this office during the past year is 303, classified as follows:

	No. Permits	Estimated Value
Dwellings .....	126	\$934,800 00
Garages .....	106	50,620 00
Additions and alterations .....	49	140,125 00
Stores .....	3	36,500 00
Barn .....	1	13,000 00
Lunch Room .....	1	6,500 00
Miscellaneous .....	17	24,250 00
	<hr/> 303	<hr/> \$1,205,795 00

There has been only one permit issued for two-family dwellings during the year. There have been three permits issued under authorization of Board of Selectmen; namely, two additions to factory and one shop.

The building comparison for the past twelve years is shown by the following table of the yearly totals of estimated value of permits issued.

In 1917, Value .....	\$221,120 00
In 1918, Value .....	102,485 00
In 1919, Value .....	384,876 00
In 1920, Value .....	332,825 00
In 1921, Value .....	655,090 00
In 1922, Value .....	716,620 00
In 1923, Value .....	1,166,950 00
In 1924, Value .....	1,376,100 00
In 1925, Value .....	1,223,720 00
In 1926, Value .....	980,865 00
In 1927, Value .....	1,060,225 00
In 1928, Value .....	1,205,795 00

Total for 12 years .....	\$9,426,671 00
--------------------------	----------------

The number of plumbing permits issued for the year of 1928 is 213 including those issued for cesspools. It is made compulsory to obtain a permit before building a cesspool of any description; and it must be inspected by the Plumbing Inspector. The fee for such inspection is two dollars.

The plumbing inspectors are J. F. Buckley, 109 Dedham Avenue, Needham, and Henry Thomas, West Street, Needham Heights.

The amount collected, from building permits issued, for the use of the Town and paid to the Town Treasurer, is \$751.50. The receipts from plumbing and wire permits are recorded in other reports.

All construction has been carefully inspected and made to

comply with the Building Laws. In most cases from two to three visits are necessary before a building is passed.

With but a few exceptions builders show a desire to make their work comply with the law, and I wish to express my appreciation of this spirit of co-operation.

It will be mutually helpful if all interested in building will

### Remember

Permits are required before starting any building operation.

All building operations, including alterations and additions must comply with Town ordinances.

You save time and trouble by procuring your building permit before starting work.

It is not the business of the Department to superintend the construction of a building.

The Department should be consulted if there is any doubt about what the law requires when plans are being prepared.

Respectfully submitted,

H. HOWARD UPHAM,  
*Building Inspector.*

## REPORT OF THE PARK COMMISSIONERS

*To the Honorable Board of Selectmen:*

The Park Commissioners respectfully submit their annual report.

During 1928 Thorpe Memorial, Vesta, Noyes, Fair Oaks and Harris Avenue Parks, Needham Heights Common, the Bathing Reservation and minor plots located at Hurd's Corner, Central Avenue and Reservoir Street and Webster Street and Greendale Avenue have come under our jurisdiction.

For the maintenance and improvement of these public properties we have expended the sum of \$2,688.31 as follows:

Upkeep and improvement of parks.....	\$2,343 89
Equipment and repairs .....	157 17
Bathhouse supervision .....	175 00
Water .....	12 25
	<hr/>
	\$2,688 31

As the Town appropriated in 1928 the sum of \$3,000.00 the work of the Department has been carried on so as to leave a balance of \$311.69.

The usual use of the Bathing Reservation occurred as in former years.

This is the first year that Fair Oaks Park and Harris Avenue Park have come under the jurisdiction of the Commission. It was found necessary to carry out a considerable amount of grading, resurfacing, fertilizing and seeding and in addition the trees and shrubbery were badly in need of pruning. This work has been completed and also evergreen trees in Noyes Park have been relocated so as to create a more spacious lawn and the Park has been improved and repaired as necessitated by the widening of Central Avenue under the State Highway Department; the topmast of the flagpole on Needham Heights Common has been removed and a new one installed; the routine upkeep of the other Parks in Town has been carried out.

Recommendations for 1929: The Commission will have the usual upkeep of parks and reservations and does not foresee any unusual expenditure with the exception of the improvement of the small park at the corner of Central Avenue and Reservoir Street which should be curbed, planted, and provided with a new sidewalk. This item was contemplated last year but it was found impossible to carry out under the appropriation in any manner which would be substantial and permanent.

Consequently, the Commissioners, having in mind this permanent improvement as well as the routine maintenance cost, now ask that the Town set aside for the use of this Commission during the year 1929 the sum of \$2,500.00.

Respectfully submitted,

PRESTON MITCHELL, *Chairman*,  
FREDERICK KINGSBURY, *Secretary*,  
I. TUCKER BURR, JR.

## ANNUAL REPORT OF MEMORIAL PARK TRUSTEES

---

The Memorial Park Trustees herewith submit their annual report for the year, 1928.

Each year more and more athletic and civic activities are being held on Memorial Park. The athletic field was in continual use from early spring to late fall. The high school played all their baseball games on the diamond and used the field on all pleasant days for their outdoor Physical Training. The High School Track Team held their annual School Boy Athletic Meet—and two dual meets in the spring. The Needham Town Baseball Team played twenty games on the diamond during the summer. The football field was used by the Girls' High School Hockey Team in the fall.

The Town made Memorial Park the centre for its Fourth of July celebration. Two events of the celebration merit special mention, the five mile race sanctioned by the N. E. A. A. U. in which forty long distance runners from many parts of New England were entered, and the exhibition quarter-mile race by Lloyd Hahn, America's greatest middle distance runner.

Armistice Day witnessed a unique celebration on the Park in the form of a Pageant: "The Meaning of the Signing of the Armistice." It was an impressive and worthwhile celebration of the day.

The American Legion held weekly band concerts during the summer, and their annual Field Day in the fall. The field was also used by the Girl and Boy Scout organizations of the Town during the year.

To properly maintain the Park it was found to be necessary to keep a permanent man. During the summer the field was mowed at least once a week, and the Track raked and rolled several times.

The completion of the diamond consisted of loaming and grading the base paths—and the removal of nearly 700 yards of "cut" back of home plate. The "fill" was used to extend right field to regulation width. Visiting baseball teams without exception reported it to be one of the fastest diamonds in the state. Other new work consisted of grading and seeding a large area on the Highland Avenue side of the Park. The Legion House was painted during the summer.

The wire fence along the southerly boundary of Memorial Park was not erected because the abutters were not willing to pay one-half the cost.

## REPORT OF PLANNING BOARD

---

January 25, 1929.

*To the Citizens of Needham:*

The Planning Board herewith submits its report for the year.

The Board has met regularly during the year and has found that the Zoning By-laws are becoming of increasing value in the solution of various problems and in developing an orderly growth of the Town.

A considerable number of conferences have been held with those who have submitted plans for the development of their property. The willingness of these owners to co-operate with the Board has been a great assistance in helping to establish the future location for streets, and having them tie up properly with the existing street plan of the Town.

A survey has been made by the Board of property that has been acquired by the Town as a result of non-payment of taxes. This has been done looking to a complete study of the future playground, park and school needs of the Town.

These different parcels acquired consist largely of land that has little money value on account of its location in swampy districts, etc., but may have great potential value, linked up with other property which the Town now owns or which we may acquire for these public uses.

Three of our members were appointed on the Special School Committee, whose formal report was submitted at the last Town meeting, and they have been reappointed to serve on the School Building Committee.

Respectfully submitted,

HAROLD B. CHURCH, *Chairman*,  
ARTHUR C. CURREN, *Secretary*,  
ARTHUR W. ROHN,  
ERNEST B. ALLEN,  
LAURENCE B. CALDWELL,

*The Planning Board.*

## REPORT OF THE BOARD OF HEALTH

---

### *To the Citizens of Needham:*

Beginning in 1913 Needham has been a member of the Co-operating Boards of Health which included Needham, Belmont, Wellesley, and Weston. These towns had a joint health service with an agent who divided his time among them. The main office and laboratory were located at Wellesley Hills, where the administrative work was carried out and analyses made. For the past five years, however, Needham has been rapidly growing, and because of this it was felt advisable to secure a full-time health service. Consequently in March Needham withdrew from the co-operative system and established an independent department. One other member of the Co-operating Boards later felt it advantageous to withdraw.

In April the Board secured the services of Mr. G. Donald Buckner, a graduate of the Massachusetts Institute of Technology. Mr. Buckner at once assumed his duties and has devoted his full time to the position. The department then moved into its new quarters in the Town Hall where a complete bacteriological laboratory was established. Such health service includes the control of communicable disease, compilation of statistics, improvement of sanitation, maintenance of a laboratory for diagnostic service and analytical work, as well as general administration.

The resignation of Mrs. Leslie B. Cutler in November was a distinct loss to the Board. Mrs. Cutler was Chairman of the Board and vitally interested in public health work. Mr. David Murdoch, Jr., was appointed to fill the unexpired term until the next election. The present organization of the Department is as follows:

David E. Mann, M. D., *Chairman.*

Robert N. McClellan, S. B., *Secretary.*

David Murdoch, Jr.

G. Donald Buckner, S. B., *Agent and Milk Inspector.*

Samuel O. Fowle, D. V. S., *Animal Inspector.*

The following report of the Agent is called to your attention as it presents the work of the Department.

Respectfully submitted,

DAVID E. MANN,  
ROBERT N. MCCLELLAN,  
DAVID MURDOCH, JR.

## REPORT OF THE AGENT

---

*To the Board of Health:*

*Gentlemen:*—I herewith submit a report of the work of the Health Department since I have had the honor to be appointed to the position of executive officer in April.

### Communicable Diseases

During 1928 143 more cases of communicable diseases were reported than in 1927 making a total of 305 cases. The monthly incidence of each disease is shown in Table 2. This increase was chiefly due to an outbreak of measles and whooping cough early in the year. More effective quarantine is necessary to check the spread of these diseases, and the co-operation of everyone is needed. Scarlet fever was also prevalent but was of a milder form than in the past. It is

probably due to this fact that some cases are not diagnosed and so spread the disease. Needham was fortunate in having but one case of infantile paralysis, whereas neighboring communities had severe epidemics.

Seven new cases of pulmonary tuberculosis were reported, some of which were hospitalized. An effort is made to have all patients suffering from tuberculosis sent to a sanatorium because there the chances of recovery are greatly increased. If tuberculosis patients were diagnosed in the favorable stages of the disease and secured hospital care there would be fewer deaths from this cause. Most patients are admitted to the Norfolk County Hospital in South Braintree.

### Laboratory

With the opening of the new office, a laboratory was established so that physicians could secure prompt diagnostic service and where milk and water analyses can be made. A culture station is maintained and the laboratory itself is available to the physicians at all hours. The diagnostic work performed is shown in the following table:

TABLE I — DIAGNOSTIC SERVICE

	Positive	Negative	Total
Diphtheria .....	..	22	22
Gonorrhea .....	7	11	18
Tuberculosis .....	1	25	26
Vincent's Angina .....	3	1	4
Widal .....	..	1	1
Totals .....	11	60	71

Monthly analyses of milk were also made since the laboratory has been open. The results of these inspections are available at the office. The samples examined complied with established standards, so Needham residents can rely on obtaining milk which is wholesome and of good quality. Both raw and pasteurized milk is sold, much of which is produced by local dealers.

### Sanitation

A total of 38 complaints were investigated by the Agent, the majority of which dealt with cesspools and dumps. The Town continued to maintain the two public dumps on Highland and Central Avenues, and permits were issued for the filling of private property. Needham is rapidly being provided with a sewerage system but many cesspools still exist which need attention to prevent them from becoming a nuisance. All property having a sewer available should be connected with the system at once, and all abandoned

cesspools filled in. Streets needing to be sewerred will be connected as soon as possible through the co-operation of the sewer Department.

Inspections were also made of local dairies, and improvements suggested. Needham now requires that milk be pasteurized or else produced from cows that are tuberculin tested. Pasteurizing plants in Massachusetts are licensed by local Boards of Health, and are subject to regular inspection by the local inspectors as well as State authorities. Food handling establishments were also inspected to see that proper sanitary conditions were maintained.

### Statistics

The tables of vital statistics which are included show the birth and death rates since 1920 together with the infant mortality rates. The population estimates are based on the censuses of 1920 and 1925. The rates are corrected by deducting non-resident births and deaths, and stillbirths. The infant mortality rate is the number of deaths under one year of age per 1,000 live births in a year. Such statistics show whether a community is growing and serve as a measure of health progress.

Respectfully submitted,

G. DONALD BUCKNER, *Agent.*

## REPORT OF SEWERAGE COMMISSIONERS

December 31, 1928.

### *To the Citizens of Needham:*

We respectfully submit our second annual report. We have carried forward the extension of sewers, details of which are given in our Superintendent's report. This last year we spent approximately \$35,000 on this work and find it to be the logical amount, since it permits us to utilize fully the organization we have without increasing our overhead. The commission will recommend the appropriation of a similar amount for extensions in the coming year, asking that the money be borrowed against anticipated and unpaid sewerage assessments. This method has the advantage of permitting extensions without increasing the tax levy.

This year sewers were laid in the following streets:

Linden St. from Station 7+08 to Summit.

Great Plain Ave. from Dedham Ave. to Railroad.

Dedham Ave. from Railroad Interceptor to Bradford St.

Bradford St. from Dedham Ave. to Great Plain Ave.

Manning St. from Great Plain Ave. to Brookline St.

Otis St. from Manning St. to Summit.

Warren St. from Great Plain Ave., Northerly.

Washburn Ave. from Great Plain Ave. to Nehoiden St.

Chapel St. Extension towards May St.

Grant St. from Kimball St. to Dedham Ave.

Webster St. from Greendale Ave., to High St.

Webster St. from Mellen St. to High St.

West St. from Hunnewell St. to Webster St.

Pleasant St. from Howland St. to Dedham Ave.

Brookline St. from Manning St. Easterly.

Manhole between Webster St. and Dedham Ave.

The Town is growing very fast, particularly towards the Golf Course and soon the Town will have to install an extensive system with trunk line to take care of this district. This will have to be done by means of a Bond Issue, since this portion was not contemplated in the original layout for which the Town authorized the \$150,000 Bond Issue.

The co-operation we have received from other departments particularly the Highway Department, has been very gratifying.

Respectfully submitted,

EDWARD SEAVER,  
GEORGE A. LORD,  
FRANK L. FLOOD,

*Sewerage Commissioners of Needham.*

## Conclusion

The construction of 12,678 linear feet of street sewers at a cost much below the average was facilitated this year because no great amount of difficult construction was encountered and also due to the use of an air-compressor. The cost of this machine was paid from the construction account and charged to the streets in which it was used. An average force of twenty-eight men was employed for construction which began April 2nd on Linden Street and finished December 15th on Brookline Street. All work has been completed with the exception of some resurfacing which will be continued in the spring as soon as weather permits.

A manhole was constructed in the intercepting sewer between Webster Street and Dedham Avenue. This was advisable to the economical maintenance of this low level sewer.

The total cost of sewers laid this year was \$36,174.83 which includes \$2,110.90 for compressor, \$300.00 for tools, and \$475.00 for lumber.

A total of 4,720.5 linear feet of house connections have been laid and the usual amount of maintenance work of cleaning main and lateral sewers has been accomplished.

Surveys and plans were made, titles examined and papers drawn for the taking of a sewer easement through the extension of Chapel Street, thereby permitting the installation of this sewer previous to the street construction.

Fourteen additional Record Sewer Plans have been drawn this year making a total of forty-five street plans and two index plans on file in this office.

### Engineering Work Done by the Superintendent for Other Departments

Lines and grades were established, titles of abutting properties examined, plans drawn and furnished to the Board of Selectmen for the levying of assessments under the Betterment Act due to the construction of granolithic sidewalks on the following streets:

Highland Avenue .	250 linear feet	205 square yards
Prince Street . . . .	1,310 " "	655 " "
May Street . . . . .	425 " "	215 " "
Wilshire Park . . . .	1,525 " "	780 " "
Total . . . . .	3,510 " "	1,855 " "

Lines and grades were furnished to the Highway Department for the construction of gravel walks on the following streets:

Washington Avenue, Dedham Avenue, Kingsbury Street.

Lines and grades were furnished to the Highway Department for the construction of storm-water drains in the following streets:

Lincoln Street Extension . . . . .	300 linear feet
Highland Avenue . . . . .	600 " "
Green Street . . . . .	1,900 " "
Warren Street (east and west) . . . . .	325 " "
Chapel Street . . . . .	200 " "
Colburn Street . . . . .	150 " "
Webster Street . . . . .	200 " "
Dedham Avenue . . . . .	400 " "
Total . . . . .	3,175 linear feet

Lines and grades were established, titles of abutting properties examined, plans drawn and furnished to the Board of Selectmen in connection with the acceptance of the following Streets:

Burnside Road	Lawton Road
Fair Oaks Park	Harris Avenue
Wilshire Park	Mills Road
Chapel Street Extension	Powers Street
Parkinson Street	

From the total of \$523.10 which was spent in connection with the acceptance of the foregoing streets, \$265.20 has been charged to 1928 construction, thereby leaving a balance of \$257.90 which should be charged to the streets to be constructed during the coming year.

Lines and grades were established and furnished to the Highway Department for the construction of the following streets:

Burnside Road . . . . .	560 linear feet	1,650 square yards
Fair Oaks Park . . . . .	560 " "	1,750 " "
Wilshire Park . . . . .	1,550 " "	4,200 " "
Chapel St. Widening	375 " "	1,600 " "
Needham Square . . . . .	500 " "	3,000 " "
Fisher Street . . . . .	800 " "	1,600 " "
Washburn Avenue . . . . .	605 " "	1,350 " "
Total . . . . .	4,950 " "	15,150 " "

Surveys and plans were made and furnished to the Board of Selectmen in connection with the widening and relocation of Chapel Street.

Titles of abutting properties were examined and a plan drawn and furnished to the Board of Selectmen for the taking of a parcel of land known as Broadley Farm for school purposes.

Surveys and plans were made in connection with the rounding of the corners at the junction of Chestnut Street and Great Plain Avenue.

Various meetings and special hearings have been attended and the usual amount of miscellaneous work requiring the services of an engineer has been accomplished.

The following tabulation shows sums paid by other departments to superintendent and assistants for engineering services rendered:

General .....	\$28 10	
Sidewalks.....	136 70	
Streets .....	635 60	
Drains .....	87 80	
Unclassified .....	450 25	
Total .....	————	\$1,338 45

### Acknowledgments

In closing this report the Superintendent most heartily thanks the other department heads who have so readily rendered their assistance and co-operation, and all those who in any way associated with him in an effort to make this year's work successful.

Very respectfully,

LESTER C. HOLLIS,  
*Member Boston Society of Civil Engineers.*

## REPORT OF DEPARTMENT OF PUBLIC WELFARE

December 31, 1928.

*To the Citizens of Needham:*

It is necessary for us to ask for an appropriation of seventeen thousand dollars for this department for 1929 on account of the increase in the number of families being aided. Several of these will be cases of long standing but since they are entitled to aid under Chapter 118 of the General Laws the Town will be reimbursed one-third of the amount of aid rendered. Quite a few families have had to apply for aid because the husband is unable to secure work or has been ill. These temporary cases could have been referred to an organized charitable society providing we had one in this Town. Such a society could have a central confidential bureau through which duplication of aid to families by the other societies of the Town could be averted. We call your attention to the clear and concise report of our agent, Francis J. Stanwood, and ask you to read it.

EVAN C. THORPE,  
CATHERINE F. TAPPAN,  
ALFRED T. BAKER.

(3) Based upon 8,000 population.

(4) Based upon 9,000 population.

NOTE: Average cost per inhabitant for year 1922 as shown above is 94c. This seeming reduction over previous years is accounted for in the fact that the reimbursements in 1922 were for aid rendered in year 1921 and prior. In order to judge the average cost per inhabitant, we suggest that 1921 and 1922 be averaged which shows a cost of \$1.42 for years 1921 and 1922. The low cost for the year 1926, namely 57c, is due to reimbursements received during 1926 for aid rendered in prior years.

## REPORT OF THE TRUSTEES OF THE NEEDHAM FREE PUBLIC LIBRARY

---

The year 1928 has been a year of much activity in the Library, the circulation of books from the main library and its deposit stations having reached 67,635 volumes, a very large circulation for a town of the population of Needham. In addition to the books charged a large number are read on the premises, but we have no means of estimating how many.

In previous reports the Trustees have referred to the need of stacks, with the necessary galleries, above the stacks now in the main room. This was contemplated by the architect when the library was built. Whole departments of literature have been transferred to the basement, and there is again a lack of space for the books that are the most used, and which ought to be easily accessible.

The Town generously appropriated in 1928 one thousand (\$1,000.00) dollars for interior painting and doing over the ceilings. This work was done in the spring, and the attractive appearance of the library seems to have given pleasure to many people, and has been frequently commended. The Trustees have purchased considerable new equipment during 1928, much of it having been made in the Town, and have asked the Town for a special appropriation of six hundred (\$600.00) dollars to procure better facilities for handling the increasing business at the charging desk.

In 1928 the library collected in fines four hundred and sixty-eight dollars and eighty-four cents (\$468.84) which went into the Town treasury.

The Librarian has been enterprising and active, especially in co-operating with the schools, and her efforts are appreciated. With much regret the Trustees accepted the resignation of Mrs. Mary Grout Ellis, the first assistant, to take effect February 1, 1929. She came to our library on January 16, 1928, and has given the community efficient, experienced, and intelligent service.

Respectfully submitted,

GEORGE K. CLARKE, *Chairman.*

## NEEDHAM FREE PUBLIC LIBRARY LIBRARIAN'S REPORT

---

*To the Board of Selectmen:*

*Gentlemen:*—I have the honor to submit my annual report for the year 1928.

During the year the Library has extended its work in ways already marked out, rather than develop any especially new program. The aim of the Library is always to meet in every way it can every community need and interest. The Library wishes to acquaint all the citizens with the service it can give, and to cordially invite them to avail themselves of it.

With this end in view, the Library publishes frequent lists of new books, and of books on particular subjects, in the newspaper. It prepares individual lists for students, and those writing papers. There are lists of reading suggestions for free distribution in the Library.

The Library has in its collection the books required for the High School English reading, and is of especial assistance to the History students.

In March the Library celebrated its 40th anniversary, since it was founded in March, 1888. There were two library displays in store windows at each end of the Town and the Chairman of the Board of Trustees and the Librarian wrote appropriate articles for the newspaper to observe this event.

The Library wishes to co-operate with Town activities whenever possible. It has, therefore, lent the use of its lecture hall to the Red Cross for three classes in home nursing, and to the Boy Scouts for their Court of Honor.

There have been several additions made to the Library equipment during the year which facilitate the work. The Library staff is small, so that it is very important that the equipment should be such as to make the staff's efforts count for as much as possible. The new equipment includes new cupboards for the storing of supplies, two new book cases and a telephone extension.

On April 24th, the Library was the host to the Charles River Library Club. The meeting was well attended and most successful. Previous to this meeting the Library was closed for two weeks for painting and decorating. The work was most satisfactorily completed and has improved the appearance of the interior of the building greatly.

That the Library has to some degree accomplished in 1928 its purpose of being of the greatest service is shown by the gratifying circulation of books for the year. This is over 67,000 — an increase of 19.7% over 1927.

The statistical report is as follows:

# REPORT OF THE WATER COMMISSIONERS

---

*To the Inhabitants of the Town of Needham, Massachusetts:*

We submit herewith the thirty-ninth annual report of the Water Department for the year ending December 31, 1928.

At the annual Town-meeting, Mr. William W. Gallagher was re-elected Water Commissioner for a term of three years.

The board organized by electing Mr. Henry Thomas, chairman; Mr. William W. Gallagher, secretary; and appointing George A. Adams, clerk and superintendent.

## **Extension of Mains**

The following extensions were made in 1928:

Arden Street, Beaufort Avenue, and Hawthorn Avenue, in Needham Gardens; Gayland Road, Laurel Drive, and Oakhurst Circle, on Oak Hill; Eaton Road, from Harris Avenue to Great Plain Avenue; and Garden Street, north of May Street, in the Burrage Estate. The above were made under six percent ten-year guarantees.

The extensions in Chestnut Street, from 1923 extension to High Rock Street; Central Avenue, from 1917 extension to Marked Tree Road; Chapel Street Extension to Highland Avenue; and Wilshire Park, through to Harris Avenue, have been made for the good of the service.

Extensions of pipe smaller than four-inch have been laid in the following streets:

Page Road, Hillcrest Road, Sargent Street, Hunnewell Street, Mt. Vernon Avenue, Parkland Road, and Melrose Avenue.

## **Hydrants**

Fifteen steamer hydrants have been installed during the year. One steamer and three standards have been discontinued. The four-way hydrant at the corner of Great Plain Avenue and Chapel Street has been re-located on the southwest corner of the Common, due to widening of Chapel Street.

For locations see Superintendents report.

The hydrants have received their customary inspection and are in good working order.

## **Water Rates**

As authorized by vote of the Town in 1924.

The minimum advance water rate on each service shall be \$10 per annum, from April 15 to April 15, and pays for 2,500 cubic feet of water if used between these dates.

Water used in excess of 2,500 cubic feet and under 202,500 cubic feet will be charged at the rate of twenty cents per 100 cubic feet.

Water used in excess of 202,500 cubic feet will be charged at the rate of eleven cents per 100 cubic feet.

Bills for the minimum advance water rate of ten dollars shall be rendered April 15, and will include the charges for excess water for the year ending on that date, except if the water used between April 15 and October 15 in the same year exceeds 2,500 cubic feet a bill for such excess shall be rendered and payable October 15, or, if the meter readings indicate that a large amount of water is being used on any service the bills shall be rendered and payable monthly.

## REPORT OF THE SCHOOL COMMITTEE

---

### *To the Citizens of Needham:*

We present herewith the Annual Report of the Needham School Department, and refer you especially to the report of our Superintendent, which covers all the activities of the department.

Our total enrollment of pupils has increased in about the usual proportions, and our buildings are still taxed to the utmost to provide accommodations for them, this year obliging us to use another room on the third floor of the Kimball School building.

We have, however, had much encouragement in the adoption by the town of the recommendations of the Special Committee on Schools, and we are looking forward with great pleasure to the time when the new schools can be built and made ready for occupancy.

We feel that a wise step has been taken in the plan for a new grade school at Bond's Corner. This, as has been previously pointed out, will provide better training facilities for the pupils in the Greendale section of the town, and will also relieve the crowded situation in the Stephen Palmer and Kimball Schools.

The Department appreciates greatly the earnest study of our problems of accommodations for pupils that was given by both of the special committees appointed by the town, and feel that the programs for the future, as outlined by them, will be of great benefit in taking care of our growing school population. We look forward to the time when it will be possible to provide future elementary schools in other sections of the town where they are needed.

We feel that we have a splendid corps of workers in our department, and their fine work has been shown by the large number of graduates from our high school who have been able to enter colleges and other schools of higher training direct from our schools. We congratulate both teachers and pupils on this splendid work. The good condition of all of our buildings also shows conscientious work on the part of all our department employees.

This committee feels that it can be justly proud of the entire work of the department during the year that has just passed.

HARRY H. BRUNS, *Chairman*,  
 JOSEPH SATTERLEE,  
 J. WALTER SCHIRMER,  
 ROY E. COLE,  
 MARGARET O. CHASE,  
 G. WALDO CRAWLEY,

## HOW THE SCHOOL DOLLAR WAS EXPENDED 1928.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the School Committee of Needham:*

I am submitting my eighth annual report for your consideration, this being the thirty-sixth in the series of annual written reports by the Superintendent of Schools. I am submitting also reports by the principals, supervisors, school physicians and school nurse, and there is appended the usual tables of statistics.

The year 1928 has been marked by an increase in the number of pupils and an increase in the activities of the department. The curriculum is being studied and revised by committees of teachers, the work in the special subjects is being broadened, and an effort is being made everywhere to increase the efficiency of instruction through study and through frequent conferences and interchange of ideas.

The work of our schools becomes more complex from year

to year. Sometimes we hear criticism of the schools because we are not taking up more activities and thereby assuming a responsibility which does not rightfully belong to the school. The Church, the Home, and the School must work in cordial co-operation and each must share responsibility or the best results cannot be obtained. Besides mental training, there must be home training and character training or the pupil is not really educated and ready to take his place as a useful member of the community.

### Membership

The following table shows the membership in the different buildings as of January First of each year since 1920:

### Additional Room

In previous reports I have called attention to the great need of additional school accommodations. It is a matter of satisfaction that the town has taken definite steps toward the construction of a new High School building and a new elementary building at Bond's Corner. When these buildings are ready for occupancy our most pressing difficulties will be solved. It will mean a necessary reorganization of the six upper grades of our schools on the 6—3—3 basis; a Junior High School consisting of grades seven and eight and the present freshman class of the High School; and a senior High School consisting of the sophomore, junior, and senior classes of the present high school. If this organization should take place in September, 1929, there would be in the Senior High School about 385 pupils, and in the Junior High about 538 pupils. But this change cannot be brought about until about a year later or September, 1930, when the numbers will be larger. For another school year the organization will remain as it is

now, the High School consisting of about 504 pupils, and the seventh and eighth grades of about 360 pupils.

When the new High School is ready for occupancy there will be need of a new program of studies for both the Junior and Senior High Schools. The Junior High School program of studies is already in the process of preparation and upon this will be built the new program of studies for the Senior High. This work is being undertaken by the principals and teachers of these schools and will be ready for use when the buildings are ready for occupancy.

The proposed school at Bond's Corner will enable us to have a much better organization for the Harris School pupils than at present because it can be organized on the basis of one grade for each teacher instead of the present arrangement which is a disadvantage to both teacher and pupils.

The boundaries of the territory which the Harris School has served can be changed so as to relieve to some extent both the Stephen Palmer and Kimball Schools.

Our immediate problem is how to continue all our present activities for the school year commencing next fall and until the new buildings are ready for occupancy.

### Teachers

Our teaching force is doing able and efficient work and the teachers deserve and are receiving the loyal co-operation of the community. Changes necessarily take place each year but the increase in the maximum salaries of the teachers makes for a more permanent force and is a material influence in attracting good teachers to our schools.

At the close of school last June, two of our teachers severed their relations with the department by retirement in accordance with the Massachusetts Teachers' Retirement Law. Miss Isabel S. Kingsbury had completed fifty-one years as a teacher in the Needham Schools and Miss Etta G. MacDonald had served the town in the same capacity for a period of fifteen years although she had taught twenty-two years before coming to Needham.

These teachers have served the town faithfully and efficiently and have our highest regard and best wishes.

The following is a list of the changes and transfers since last January.

## Health

Much is being done for the health of school children. In addition to the annual examination by the school physicians and notices sent to the homes advising consultation with the family physician, a system of follow up work is being carried out by the school nurse. Children are regularly weighed and measured and advice is given to the mothers of those under weight. Certified milk is sold in the schools; for the children who are undernourished and unable to pay for the milk, it is furnished free. Whenever pupils remain for the lunch period, arrangements are made so that a hot dish can be served at cost to go with the home lunch.

A state clinic was held during the year to determine the needs of those children three or more years retarded. Two

school children were sent to the Braintree health camp last year with funds furnished by the Anti-Tuberculosis Society from the sale of Christmas seals. Free milk is also provided from the same source, whenever needed. Health lessons are given regularly by the school teachers and school nurse and a health play of merit was given at the close of school last June.

Reference to the reports of the school physicians shows that there have been, comparatively, few cases of contagious diseases among school children. In cases where such occur, a careful check up of all contacts is made by the school nurse and under the school physician's advice pupils are temporarily excluded when it seems necessary in the public interest.

The school physicians, the school nurse, and the teachers acting in co-operation with the various social agencies in the town always find help for children when it is needed.

In the expanding program of the schools, health is a major consideration.

### **High School**

The High School continues to be a school approved by the colleges granting approval to high schools, has the certificate privilege of colleges granting this privilege, and is designated as in Class A by the State Department of Education. The record of the graduates in the colleges is commendable. The school is functioning to the credit of the principal and teachers and to the satisfaction of the community. Your attention is called to the report of the principal on another page of this report.

### **Repairs**

Much or little money can be spent on repair work in addition to what is absolutely necessary each year. It is sometimes a question as to what most needs to be done. With several old wooden buildings and the work needed on some of the new ones there is ample need for all the funds the town may choose to make available for this purpose. During the past year in addition to a long list of minor repairs, walls and ceilings in the High, Old High, Avery, and Stephen Palmer Schools have been whitened and retinted, and weather strips have been installed on some of the windows in the High School. Unfortunately the boilers in the new High School are inadequate to heat the building properly, and extensive changes must be undertaken to remedy the situation. An item is included in the budget for 1929 to make changes recommended by competent engineers.

### **Thrift**

Thrift can best be taught by encouragement to save; consequently our saving bank system. Pupils purchase

stamps at the school which are credited on a regular bank book at the Needham Trust Company. During the year \$1,738.25 have been deposited by this office through the sale of stamps and since the system was started \$12,331.07 have been deposited and credited to the accounts of the different school children.

### Education Week

Education Week was observed this year, as in the past, by sending an invitation to the parents written by the pupils to visit school upon a particular day of the week. In the High School an evening was devoted to visits by parents for the purpose of consultation with the different teachers. During Education Week 795 parents visited the schools and the plan in general is successful.

Our schools are open to visitors at all times and it would be a matter of great satisfaction to the teachers if more visits were made by parents to get acquainted with the teachers and know more intimately the conditions under which their children are working.

The success of our schools depends not alone upon the teachers and school officials but upon the public and particularly upon the parents.

### Safety Education

This year a definite course of study in Safety Education is in use in all the rooms below the High School.

A junior safety patrol has been organized in the Junior High School and the William Carter Schools.

Your attention is called to the following statement by Principal Clarence B. Washburn in regard to Safety Education in his buildings:

"At the Junior High and William Carter Schools there are now in operation Student-Safety Councils. These councils combine the best features of student government and safety council ideas.

"The officers and patrols are selected from those pupils who seem to grasp most fully the idea of responsibility, that the individual performing the full duty of good citizenship thinks not alone of himself but of others.

"Back of the council itself is a second organization called the 'Teachers' Cabinet.' A full council meeting includes the teacher advisory organization as well as the pupil officers and together they discuss the welfare and safety conditions of the school.

"The Student-Safety Council considers matters pertaining to school improvement, the ethics of schoolroom and playground, and features that may contribute to the safety and

comfort of school life. Fire drills are held under the direction of the council officers and suggestions made by the Fire Chief, Superintendent of Schools, and the Principal put into effect through practice.

"The work of the pupils is not confined to conditions surrounding the school merely but traffic upon the highway to and from school is also given consideration. A safety council member does not merely dwell upon the necessity of being careful personally but is always on the alert to do some thoughtful act in regard to guarding the younger children from harm and injury.

"No better outline of the council work could be given than the pledge of its members which reads as follows—

"I will work for the safety of others as I would want them to work for my safety.

"I will try to be careful all of the time, everywhere.

"I will not take unnecessary chances of getting hurt, and will warn others against doing so.

"I will do my part toward helping to reduce the number of accidents this year.

"All this I will do for the sake of humanity and the honor of my school.

"Time is always necessary for the full development of any ideal or organization but the boys and girls of Needham are making steady progress in their student council work and the future will reveal more fully the value of the efforts they are making."

### **Parent-Teacher Association**

The Needham Parent-Teacher organization is a material benefit in promoting good understanding between teachers and parents. An excellent program is being carried on this year and it is hoped that all parents and teachers will become members.

"The object of this association shall be to foster a closer sympathy and co-operation between the home and the school in the Town of Needham; and to promote the educational and social welfare of the community."

### Transportation

The transportation of pupils to and from school continues to be a difficult problem. Some parents not living on regular transportation routes are persistently requesting through petition and otherwise that their children be carried to school at the expense of the town. Some are asking on account of distance but more on account of the danger from automobiles. This problem is closely connected with the policy of the town regarding the building of sidewalks. The completion of Central Avenue, the consequent increase in traffic on this street, and the lack of sidewalks brings to this office many protests from parents whose children are obliged to walk along this street on their way to school. The remedy according to some people is to build sidewalks wherever streets are built, others claim that traffic should be more closely regulated by warning signs and additional police officers, and still others say that children do not walk upon sidewalks where they are constructed and the schools should teach them to keep off the roadway.

All are probably partly right. In my opinion, the only practical way is for all departments and agencies of the town to work together for the safety of the children.

### Acknowledgments

To the New Century Club for its reception to the teachers.

To the New Century Club for its gift to the Scholarship Fund.

To the Needham Grange for its reception to the teachers.

To Dr. and Mrs. J. Walter Schirmer for the gift of a Health Medal to be awarded each year.

To Mr. Herbert F. Stevenson for the gift of a "Best Sport" cup.

### Recommendations

1. That steps be taken either through the school department, park department, or some other town department to acquire small play areas in different parts of the town, that small children may have a place where they have a right to assemble and engage in supervised play. In some parts of the town these areas might be the school yards. Safe places for winter coasting and skating should also be provided.

2. I again wish to recommend that a passageway be constructed under the tracks of the N. Y. N. H. & Hartford Railway, or some other suitable way be planned to enable pupils to go from the Riverside to the Eliot Schools instead of the roundabout way in use at present.

3. That an opportunity class be established for the

benefit of those retarded in their work on account of illness or other causes. Lack of room has prevented this up to the present time.

In concluding this report, I wish to express my gratitude for the interest on the part of the citizens in their schools and the co-operation of the parents in the administration of the department. For the loyal support of the teachers and the continued confidence of the School Committee, I wish to express my sincere appreciation.

Respectfully submitted,

JOHN C. DAVIS,

*Superintendent.*

Household Arts Prize, \$10 — Gladys Morgan, 1930.

We hope to be able to present prizes similar to those just listed in June, 1929. In addition to them we shall have the pleasure of presenting two new prizes, which I understand will be available year after year. I refer to the John Goodwin Schirmer Health Medal, presented by Dr. and Mrs. Schirmer, in memory of their son, John Goodwin Schirmer; and the H. F. Stevenson silver cup, which is to be given at commencement to the student, either boy or girl, who has been adjudged "The Best Sport."

### Gifts

Class of 1928 — The State Flag and the Stars and Stripes.

New Century Club — \$25 for books for outside reading in English.

New Century club — \$25 for lecturer.

As principal, I gratefully acknowledge all of the gifts and thank the donors for them.

The school was very carefully organized during the summer months; consequently everything was well under way on the second day of school. In so far as it was possible the pupils were placed in homogeneous groups on the basis of scholarship.

The total enrollment to date is 491, divided as follows: Post Graduates, 7; Seniors, 79; Juniors, 91; Sophomores, 147; Freshmen, 167. The total enrollment to the corresponding date last year was 468. Last year at this time 27 had left school and this year 22 have withdrawn so that the actual present membership shows 469 for 1928-29, as compared with 441 for 1927-28.

Of the 22 who have left school, 9 have moved out of town, 4 have entered other schools, and 9 have gone to work.

Of the 159 graduates of last year's eighth grade, 135 entered Needham High School, 3 moved away, 6 entered other schools, 10 went to work, and 5 are staying at home.

In order to provide opportunity for pupils to receive individual help, makeup work lost, and prepare for college board examinations, the following schedule was drawn up and put in operation at the beginning of the school year:

All teachers will be in their home rooms from 2.15 to 2.30 p. m. each school day. They will be in their home rooms from 2.15 to 4.00 p. m. as listed in the following schedule:

- Monday.**      *Commercial*, Miss Berriman, Miss Gates, and Miss Matheson.  
                  *Mathematics*, Miss Fessenden, Mr. Small.  
                  *Household Arts*, Miss Dudley and Miss Burton.
- Tuesday.**     *English*, Miss Reed, Miss Churchill, Miss Dodge, and Miss Steele.
- Wednesday.** *Science*, Mr. Benton.  
                  *Latin*, Miss Currie and Miss Sawyer.
- Thursday.**   *French*, Miss Harrington and Miss Clark.
- Friday.**       *History*, Miss Durgin and Mr. Frost.

### Education Week

In order to get more than the usual number of parents to visit school during Education Week, a new plan was tried this year. In addition to extending an invitation to the parents and friends to visit us during the regular school sessions, they were urged to interview the teachers in their home rooms, respectively, from 7.30 to 9.00 p. m. on Thursday, November 7th. The response to the invitation was gratifying. About sixty parents availed themselves of the opportunity to become better acquainted with the teachers, and also to talk over problems relative to school work.

A number of the visitors expressed the hope that the plan might be tried again next year. I know of no reason why it shouldn't. If it is, I hope that the parents of the pupils who are not doing good school work will appear. This year they were conspicuous by their absence.

### Music

All of the recommendations relative to music which I made in my last year's report, and approved by you, have been put in operation this year. It is quite evident, even now, that the results obtained in that phase of our school work are going to be better than heretofore.

The orchestra, under Miss Berthold's able direction, is making splendid progress. I am looking for some very fine work from it before the school year draws to a close.

The Boys' Glee Club, which was organized last year for the first time, has made commendable progress. It was

called upon to give a short concert at Framingham before the principals of Massachusetts at their annual conference. The efforts of the boys were very favorably received.

A delightful part of that program was provided by Miss Doris Jones, violinist, then a freshman in our school. Since that time she has brought honor to herself, the school, and the town by winning first prize in the junior violin contest sponsored by the Massachusetts Federation of Music Clubs.

During the month of May all of the musical organizations in the school united to give a public concert in observance of Music Week. It was very successful. We hope to surpass anything that we have ever attempted in that line during Music Week of this year.

### Athletics

In my report last year I predicted that we would enjoy a successful year both financially and athletically. It is a pleasure to report that the prediction became a reality.

Our ice hockey team was of championship calibre. It won all games in which it participated, except one, and that was a tie with Framingham.

The girls' field hockey team was very successful, losing only one game during the season. Two members of the team had the honor of being selected as regular members of the All Boston Public School Honorary Team.

After having won every meet in which it had participated, the boys' track team brought the season to a fitting close by gaining possession for one year of The Needham News' Cup. Said cup is awarded to the school winning the annual inter-scholastic meet staged on Memorial Field.

The baseball and football teams, respectively, particularly the latter, enjoyed very good seasons. A very successful football campaign was brought to a close by a brilliant victory over our old and honored rival, Wellesley.

Clean playing and good sportsmanship have been displayed by the representatives of our school in all of their athletic activities. With us, the above qualities, as well as the physical welfare of the pupils, must come first; everything else is secondary. I congratulate Miss Wood, Mr. Delano, and Mr. Small on their fine work.

A signal honor came to our school this summer when Miss Olive Hasenfus, now a junior, was selected to represent the United States in the Girls' Track Meet of the Olympic Games.

### School Spirit

The morale of the entire student body is commendable. A splendid spirit of co-operation seems to prevail everywhere. It is a pleasure to work with and for such a fine group of young people.

### Scholarship

The results of the College Entrance Board Examination in June, 1928, were very gratifying. All of the pupils recommended for examination by us, as well as a number who were not, passed; several of them with honors, particularly in Mathematics and English. Miss Margaret Notman had the honor of being ranked among the first fifty-eight of the freshmen entering Wellesley College in September, 1928.

Several of our graduates of previous years have made enviable records in collegiate institutions. I refer particularly to Miss Doris C. Blackman who was included on the honor list of the freshman class of Boston University, and to Miss Mildred Joy of the Boston University College of Liberal Arts, Class of 1930, whose semester records contained no grades lower than A.

Great credit for the splendid results achieved belongs to the teachers who have given unsparingly of their time and energy to the work of preparing the candidates for college. I hereby publicly express my appreciation of their work.

### New Features

Several boys, working under Mr. Benton's direction, constructed a radio suitable for school purposes. It has been used on several occasions for the purpose of bringing to the attention of pupils worthwhile music, such as the Walter Damrosch Symphony Concerts. We hope to make good use of it before the school year draws to a close.

Through the generosity of the Class of 1927 it was possible to purchase an excellent moving picture machine suitable for classroom purposes. We expect to add to the value of our courses in science, civics, geography, household arts, and English, through the medium of many excellent educational films bearing upon said subjects.

By the aid of special phonograph records, recently purchased, we hope to have a great deal of the work in the type writing department done to music, thereby improving the steadiness, accuracy, and rhythm of the pupils.

In view of the favorable action relative to the construction of a new senior high school taken by the citizens at a special town-meeting on December 10, it is no longer necessary for me to write about the need of more rooms for properly housing our rapidly growing secondary school population. It is my sincere hope that the new plant will be the crowning feature, both architecturally and educationally, of our educational system, and that from every possible point of view, it will be a source of great civic pride to the community.

The erection of a new senior high school will make it possible to organize our schools on the 6-3-3 basis. That

being the case, it will be necessary to reconstruct the programs of study of both the junior and senior high schools, respectively. Consequently, I hesitate to make any recommendations relative to changes in our present program of studies. I do feel, however, that if biology and German are not offered as subjects during the remaining year or so of our stay in the present building, that they should be placed among the subjects of our reconstructed program of studies. I am also of the opinion that our commercial curriculum should be reorganized in the very near future.

The year 1927-28 has been one of real progress in every direction. It was made possible by a splendid spirit of co-operation on the part of superintendent, school committee, and teachers. To all who in any way helped the good work along I am deeply grateful. I ask you to accept my sincere thanks for all service rendered in behalf of our great, common task.

Respectfully submitted,

WILLIAM F. POLLARD,  
*Principal.*

## REPORT OF DIRECTOR OF PHYSICAL EDUCATION

---

January 3, 1929

Mr. John C. Davis, Superintendent of Schools,  
Needham, Mass.:

*Dear Sir:*— I herewith submit the annual report of the Physical Education Department.

Class physical education continues in the grades and the high school with the same time allotment and program as in previous years. The aim of the department has been the development of a more healthful, wholesome recreation brought about through the participation of pupils in games, rather than participating in too many calisthenics and formal gym work. The proper amount of free play must be provided for.

Games and stunts (somersaults, vaulting, chinning the bar, etc.) have come to occupy a well-merited place in a child's education. Besides the physical development the games teach sportsmanship, fair play, co-operation, and unselfishness. The physical development is obvious when one observes and compares the physiques of those who have been out on a football squad for a season with those who have not.

Stunts increase the individual's self-respect by showing him his ability to improve in the use of the larger muscles.

After practicing chinning the bar, for example, he finds that instead of chinning twice, he can do it perhaps five or six times after a week's effort. He so acquires the habit of continual striving and sees that only by such effort can one hope to equal or better the results obtained by his classmates.

Apparatus—a horse, stall bars, and mats—is now in use at the Carter School. The use made of this apparatus corresponds to the work being carried on by the Junior High school boys in the High School gym. Both groups are now prepared to assume the same work on entering the High School in their Freshman year.

A series of inter-room baseball games were carried on in the Junior High and Carter Schools last spring. Much enthusiasm was shown. Youngsters who could not play particularly well were encouraged by their more capable team mates. The games terminated in inter-school games between the Carter and Junior High, and outside games with Dedham Junior High and Norwood Junior High. These games were handicapped by lack of equipment and play space.

It is apparent at the High School that each year the entering class is more skillful, better co-ordinated, and have greater physical alertness.

The competitive athletic teams at the High School have shown a decided improvement in the past year due mainly to a spirit of co-operation and understanding. This improvement is not only from the number of contests won, but from the number of boys and girls participating, which, after all, is the main objective. Practically all the girls took part in track athletics and field hockey.

Over seventy percent of the enrollment of boys participated in basketball, ice hockey, track, baseball, and football. At the present time there are home room teams in basketball and each room is represented by a boys' and girls' team.

The John Goodwin Schirmer Health Medal, presented by Dr. and Mrs. Schirmer, to be awarded each year, beginning in June, 1929, at the graduation exercises, to the boy and the girl of the Senior Class, who, in the opinion of the judges, have maintained the best health records during their high school careers, should go a long ways in increasing the interest of the individual in taking care of himself to the highest degree.

The Best Sport Cup, so generously donated by Mr. H. F. Stevenson, should help greatly in having boys realize that no matter what position they are asked to play they should be unselfish and do what is best for the team.

All in all, it has been a year of decided progress, and may I here thank you and all others who have participated in the carrying on of the physical educational program.

Respectfully submitted,

C. K. DELANO, *Physical Director.*

## REPORT OF INSTRUCTOR OF MANUAL ARTS

---

January 2, 1929

Mr. John C. Davis, Superintendent of Schools,  
Needham, Mass.:

*Dear Sir:*—I herewith respectfully submit the annual report of the Manual Arts Department.

Due to a decided increase in the number of high school pupils who elected Manual Training, it became necessary in September for another teacher to take over the Manual Training at the Carter School; thus the department has developed, in the short period of five years, from a part-time or three-day proposition for one teacher, into a full time position for one teacher and furnishes a part-time program for another.

The time allotment per pupil remained the same as in the previous year, that is one and one-half hours in the Junior High and six hours in the Senior High.

This time allotment for the seventh and eighth grade boys is very inadequate and it is sincerely hoped that an increase of time per pupil will be possible in the near future.

An endeavor has been made this year to transfer the supervision of Mechanical Drawing from the Drawing Department to the Manual Arts Department. Up to the present date it has only been possible to transfer one class, but it is the ultimate aim to transfer them all.

New equipment has been added, which tends to facilitate matters, namely: an emery wheel and some very necessary hand tools.

It is with great pleasure that I report that no accidents occurred this year on any of the various machines.

Respectfully submitted,

ALFRED H. JOHNSON.

## REPORT OF INSTRUCTOR OF DOMESTIC SCIENCE

January 2, 1929.

Mr. John C. Davis, Superintendent of Schools,  
Needham, Mass.:

*Dear Sir:*—I herewith submit the annual report of the Needham High School Lunchroom for the year 1928.

The High School Lunchroom is well patronized by the students irrespective of the competition which it now has with an outside lunchroom where the students may buy pastry, coffee, and candy. It is our aim to sell wholesome,

nourishing, and appetizing food at a low cost which will enable the students to have a good noon lunch at a small charge. There has been a great increase in the demand for hot soup which it has been our custom to serve. Pupils bring sandwiches from home and purchase hot soup, cocoa or milk. It is also our aim to give as much variety as is possible, charging 10 cents for the main dish, which may consist of vegetable plate, meat with potato and another vegetable, creamed chicken, mashed potato, or fish.

Foods purchased for the lunchroom are of good quality, from reliable concerns, and obtained at wholesale prices whenever possible. The services of one woman and the co-operation of some of the students is required for the preparation of the daily menus. Each student helping in the lunchroom receives a twenty-cent lunch ticket. With the lunch ticket a student may buy, for example, hot soup, roast lamb, creamed potato, carrots; graham bread sandwich or milk.

The number of pupils served daily at the High School is 275 to 300. Lunch is served at two different times in order to accommodate all of the pupils desiring lunch. Thirty minutes is allowed for each lunch period which gives ample time.

It is necessary to plan very closely in our lunchroom and ask people sometimes to substitute a main dish for soup, salad or sandwiches, so that at the close of the luncheon period all the food prepared will be sold, for our lunchroom is self-supporting and enough money has to be cleared to pay for the services of one woman and the monthly ice bill which means a minimum amount of \$100 a month.

The following is a sample menu taken from the bulletin board, with prices:

Tomato Soup .....	\$0.05
Creamed Chicken, Mashed Potato .....	.10
Fruit and Nut Salad .....	.10
Cheese and Olive Sandwich .....	.05
Lettuce Sandwich .....	.05

Cardiac disease .....	10
Cardiac observation cases .....	60
Skin disease .....	20
Number of office calls .....	75

Sincerely yours,

WILLIAM MITCHELL,

*School Physician.*

January 2, 1929.

Mr. John C. Davis, Superintendent of Schools,  
Needham, Mass.:

*Dear Sir:* — As School Physician for the school year 1927–28 I have the following to report:

Thirty-two pupils were seen at my office, and 74 school visits made. 1,362 pupils of the Junior High, Kimball, Stephen Palmer, Harris, Dwight, and Parker Schools were examined, and the following defects noted.

Defective tonsils .....	298
Defective teeth .....	381
Swollen glands .....	107
Orthopedic defects .....	25
Cardiac disease .....	8

I believe the medical and nursing work done in the above-named schools in the last eight years has been of much benefit to a large proportion of the student body, as shown by their response to recommendations and interest in their personal well being.

Respectfully submitted,

CHARLES L. MACGRAY,

*School Physician.*

## REPORT

OF THE

## FINANCE COMMITTEE

## TO THE TOWN

AT THE

ANNUAL MEETING, MARCH 19, 1928

---

ELECTION, MARCH 12

BUSINESS MEETING, MARCH 19, AT 7.30 O'CLOCK

NEWTON  
GARDEN CITY PRESS, Inc.  
1928

# REPORT OF FINANCE COMMITTEE

---

*To the Inhabitants of the Town of Needham:*

Much has been said this year in regard to the necessity of closely scrutinizing municipal expenditures in order to secure the advantage of the proposed reduction of the State Tax. Your committee has borne this in mind in all its work, particularly in view of the necessity for strict economy to meet the proposed extension of our school plant. Contained in this report are recommendations calling for an increase of approximately \$35,000.00 over 1927, to which must be added the \$21,800.00 appropriated last fall for the extension of water service. This represents about the limit that can be absorbed without an increase in the tax rate, although any estimates made at this time of year are only rough approximations. Your committee urges that all proposals looking toward an increase in the amounts appropriated be examined with especial care.

## RECOMMENDATIONS ON ARTICLES IN THE WARRANT

**ARTICLE 4.** To see what action the Town will take relative to unexpended balances and deficiencies of 1927.

*Recommended:* That all unexpended balances be returned to the Treasury. Unexpended balances of regular appropriations total \$21,780.45. Unpaid bills received after January first total approximately \$4,000.

**ARTICLE 5.** To see what disposition the Town will make of the money received from dog licenses.

*Recommended:* That this money \$1,299.90 be appropriated for the use of the Public Library.

**ARTICLE 6.** To see what sums of money the Town will appropriate for the necessary Town charges and expenses.

*Recommended:* That the sum of \$570,886 be appropriated as follows:

**Board of Selectmen, \$2,740.** To include salary of board and clerk \$2,110 (same as 1927); expenses, \$630 (increase \$85.50). Last year the board was given \$500 additional for Transportation Committee.

**Town Clerk, \$1,100.** To include salary and fees \$900; expenses \$200 (increase of salary of \$300 over 1927).

**Assessors, \$6,600.** To include salaries of board, \$3,000 (same as 1927); clerk, \$1,300 (same as 1927); expenses \$1,300 (increase of \$100); block-plan maps \$1,000 (same as 1927).

**Tax Collector, \$3,450.** To include salary and expenses (increase of \$240) due to higher bond and larger collections. Collector's salary is based upon collections. (See Art. 9).

**Treasurer, \$2,625.** To include salary of Treasurer, \$1,900 (increase of \$1,000); clerk, \$100 (same as 1927); bond, \$225 (increase of \$60); expenses, \$400 (increase \$190).

**Accounting Department, \$1,850.** To include salary, \$1,700; expenses, \$150 (same as 1927).

**Finance Committee, \$275.** For printing and distributing reports (increase of \$25) due to larger distribution.

**Elections and Registration, \$1,600.** To include salaries of board, \$300 (same as in 1927); expenses, \$1,300 (increase of \$570) on account of additional elections.

**Town Hall and Grounds, \$5,000.** To include janitor, \$1,560 (same as in 1927); extra labor, \$290; janitor's supplies, \$50; police service, \$50; fuel and water, \$625; miscellaneous, \$150; grounds, \$100; general repairs, \$425; painting inside of building, installation of switchboard and furniture, \$1,750. This is the same amount as appropriated in 1927 and while \$165 less than requested should provide for maintenance and needed repairs.

**Police Department, \$24,730.** This amount includes \$21,891 for salaries, as follows: Chief, \$2,500 (increase of \$115); one sergeant, \$2,200 (increase of \$100); six men at \$2,000 (same rate as 1927); two men at \$1,700 (to increase to \$1,800 at expiration of one year's service); one new man (salary for nine months \$1,700 per year, \$1,275); special, \$400. The balance of the appropriation \$2,839 is for maintenance and equipment; traffic signs and maintenance, \$750; office expenses and miscellaneous, \$750; auto expense, \$1,139; equipment for men, \$200. The committee does not approve a request of \$500 for uniforms. Increase in Police Department appropriation for salary is \$2,589 over 1927 and a decrease of \$67 for maintenance.

**Fire Protection, \$27,705.** To be divided as follows:

*Fire Department, \$25,405.* This amount includes \$21,080 for salaries, as follows: Chief, \$2,400; one lieutenant, \$2,100; three men at \$2,000; three men at \$1,700 (to increase to \$1,800 at expiration of one year's service, \$5,280); one new man for six months at a rate of \$1,700 per year (\$850). Two fire engineers (assistant chiefs) at \$300 (increase of \$50). Combination and engine call men, \$2,450; ladder call men, \$900; hose call men, \$200; paid service, \$300 (decrease of \$50).

The balance of the appropriation, \$4,325 is for maintenance, including equipment and repairs, \$1,975; fuel, \$450; supplies and printing, \$300; house repairs and furnishings, \$500; horse hire, \$75; insurance, \$75; telephone, light, water, laundry, \$350; miscellaneous, \$100; painting Engine 1, \$500. Total increase for maintenance, \$700. A request for \$2,250 for a Forest Fire and General Service piece is not recommended.

*Fire Alarm Department, \$2,155.* This amount includes salary, \$150; replacement of three obsolete boxes, \$405; three boxes at new locations, \$462; six red domes for electric lights, \$36; supplies and miscellaneous, \$1,102. The Committee does not recommend a request for \$1,460 for connecting with the City of Newton, at least, until the new Fire Alarm Station at Newton is ready. At the present time the alarm could only be connected with the Upper Falls Fire Station.

On the request of \$2,035 for connecting four schools with the fire-alarm system, the Committee recommends further study in conjunction with the School Department, in regard to utilizing part, or all, of the present internal signal systems in each school. Last year \$1,200 was recommended and spent for installing six school boxes.

*Forest Warden, \$145.* Salary, \$100 (to go to Fire Chief as in 1927); expenses, \$45 (same as 1927).

**Inspection Department, \$3,450.** To include salaries of inspector of buildings, plumbing, wires, cattle, and sealer of weights and measures, \$3,200; expenses, \$250. Increase of \$450 provides increase of \$300 to building inspector and \$150 to cattle inspector.

**Tree Work, \$7,150.** Same as 1927, to be divided as follows:

*Moth Department, \$5,500.* Of this amount, \$3,500 is to be for public work including salaries, labor, supplies, equipment, etc., and \$2,000 is to be for moth suppression on private property, the cost of which will be charged to the owners.

*Tree Warden, \$1,500.* Same as 1927, to include salary, labor, supplies, etc.

*Town Nursery, \$150* (decrease of \$150).

**Health and Sanitation, \$17,383.94.**

*Board of Health, \$5,935.* To include Hospitalization, \$2,850; salary and transportation of agent, \$1,800; clerk hire and expenses, \$885 (increase of \$485); care of dumps, \$400 (decrease of \$68). The department requested \$3,934 for hospitalization but the Committee feels that \$2,850 will cover all ordinary cases as only \$2,665.35 was expended in 1927. The Committee does not recommend a request of \$1,750 for a public health nurse (including transportation) as it does not feel that conditions in Needham as yet warrant a full-time service of this nature.

*Removal of Garbage, \$2,100.* (Increase of \$150 over 1927).

*Sewer Department, \$5,650.* (Same as 1927) to include salary of Superintendent, \$3,200 (increase of \$200); clerk, \$1,026 (increase \$76);

labor, \$750 (decrease \$250); auto expense, \$400 (increase \$100); supplies and equipment, \$274 (decrease \$126).

**Charities, \$17,000.** To be divided as follows:

*Department of Public Welfare, \$15,000.* To include agent's salary, supplies, allowances, medical care, etc., (increase of \$3,000 over 1927).

*Other Allowances, \$2,000.* To include State Aid, \$200 (same as 1927); Military Aid, \$300 (same as 1927); Soldiers' Relief, \$1,500 (increase of \$900 over 1927).

**Highways, \$141,799.72.** This amount is to be divided as follows:

*General Appropriation, \$67,900.* (Increase of \$6,900 over 1927).

*Sidewalks, \$11,000.* (Decrease of \$2,000 for 1927) to include \$6,000 for construction under the Betterment Act and \$5,000 for general construction and repairs. Approximately 50% of the \$6,000 appropriation will be paid back to the Town.

*Snow Removal, \$7,500.* (Decrease of \$1,500 from 1927). This appropriation can only be roughly estimated, the amount spent depending wholly upon weather conditions.

*Street Lighting, \$18,899.72.* (Increase of \$399.72 over 1927). In October, 1928, all 32 c.p. lamps will be discontinued and 80 c.p. lamps used.

*Special Appropriation, \$36,500.* (Increase of \$6,500 over 1927).

To be considered under Arts. 13-19 inclusive. Such appropriations represent part of the Town's Highway program for the year, and should be considered in relation to appropriation under Art. 6.

**Education, \$201,469.** This amount (increase of \$9,084 over 1927) is to be divided as follows:

*School Department, \$198,969.* This is to be met by an appropriation of \$198,759, and the income (\$210) of the Dwight School Fund, and is to be distributed as follows: Administration, \$6,889 (increase \$535); instruction, \$140,380 (increase of \$6,885); books and supplies, \$9,000 (same as 1927); maintenance, repairs, and new equipment, \$33,650 (increase \$1,464); school physicians, nurse, library, \$2,650 (same as 1927); transportation, \$4,000 (increase \$200); miscellaneous, \$2,400 (same as 1927).

*Vocational Tuition, \$2,500.* Same estimated amount as in 1927. The State re-imburses the Town for one-half of what is spent for this purpose.

**Public Library, \$9,165.** (Increase of \$900 over 1927). To be met by appropriating \$7,291.40 and transferring the income (\$573.70) from the Barr and Greenwood Funds and the money from dog licenses, (\$1,299.90) under Art. 5. The increase of \$900 over 1927 is due to repairs to building.

**Parks, \$5,500.** To be divided as follows:

*Park Commissioners, \$3,000.* To cover upkeep of public parks and improvements. Increase of \$1,750 over 1927 due to Commissioners assuming the care of the central planting spaces in Fair Oaks Park and Harris Avenue.

*Memorial Park, \$2,500.* To continue development of the memorial and beautifying park according to original plan (decrease of \$500).

**Planning Board, \$400.** To include general expenses, town map, hearings, etc. Same as 1927.

**Board of Survey, \$100.** For advertising, maps, and supplies. Same as 1927.

**Insurance, \$3,500.** For insurance premiums on Town property (increase of \$270 over 1927).

**Interest on Temporary Loans, \$14,000.** (Same as 1927). This amount can only be estimated.

**Municipal Indebtedness, \$75,147.** (Increase of \$1,957 over 1927). To include \$46,400 to meet payments of principal on bonds maturing in 1928 and \$28,747 for bond interest due in 1928. The Town's bonded indebtedness as of January 1, 1928, is \$716,800.

**Soldiers' Graves, \$700.** To be divided as follows:

*Upkeep of Soldiers' Graves, \$400.* Same as 1927.

*Memorial Day Observance, \$300.* Same as 1927.

**Unclassified, \$9,675.** To include Town reports, \$2,700 (increase \$1,500); dog officer, \$50 (increase of \$15); Certification of notes, \$50 (same as 1927); Town Counsel fees, \$1,500 (increase of \$400 over 1927 and \$1,000 less than requested); Tax Titles in Land Court, \$1,000 (same as 1927); engineer's fees, \$500 (same as 1927); Registry of Deeds, \$25; Christmas tree, \$50; miscellaneous, \$100 (decrease of \$75); damage awards, \$3,700 (increase of \$3,200 over 1927).

**Reserve Fund, \$2,500.** Same as in 1927 to provide for emergencies and to be expended only with the approval of the Finance Committee.

**ARTICLE 7.** To see if the Town will authorize the treasurer, with the approval of the Selectmen to borrow money in anticipation of revenue of the current financial year.

*Recommended:* That the substance of this article be adopted.

**ARTICLE 8.** To see what action the Town will take relative to the salaries of its Town officers.

*Recommended:* That the salaries of all elected Town officers except the treasurer and town clerk be same as in 1927.

**ARTICLE 9.** To see in what manner the Town will have its taxes collected and fix the compensation therefor for the current year.

*Recommended:* That the taxes be collected in the same manner as in 1927, and that the compensation be at the same rate; namely, one-half per cent of the tax warrant, payable as and when collected, same to include all expenses except payment of the collector's bond.

**ARTICLE 10.** To see if the Town will appropriate the sum of sixty-four dollars and forty-nine cents (\$64.49) for electric current furnished for police and fire alarm signals from November, 1923, to December, 1926, inclusive.

*Recommended:* That the sum of \$64.49 be appropriated.

**ARTICLE 11.** To see if the Town will appropriate the sum of three thousand one hundred eighty-six dollars and fifty-six cents (\$3,186.56) to be paid to the Treasurer of Norfolk County on a judgment awarded in connection with the relocation and widening of Great Plain Avenue.

*Recommended:* That the sum of \$3,186.56 be appropriated, to be paid to the Treasurer of Norfolk County on a judgment awarded in connection with the relocation and widening of Great Plain Avenue.

**ARTICLE 12.** To see if the Town will accept Chapter 32 Section 85 of the General Laws relating to pensions for permanent members of the Police and Fire Departments, on petition of Charles M. Donahue and others.

*Recommended:* That this article be dismissed.

**ARTICLE 13.** To see if the Town will appropriate the sum of twenty thousand dollars (\$20,000) for the construction of Central Avenue, provided the county and the department of public works, division of highways, each allot the sum of fifteen thousand dollars (\$15,000) for said construction, or take any action relative thereto.

*Recommended:* That the sum of \$20,000 be appropriated under these conditions.

**ARTICLES 14, 15.** To see if the Town will accept Fair Oaks Park from May Street to Kingsbury Street under provisions of the Betterment Act and appropriate \$4,000 for its construction.

*Recommended:* That the substance of these articles be adopted.

**ARTICLES 16, 17.** To see if the Town will accept Burnside Road from High Street to Concord Street intersection, so-called, under provisions of the Betterment Act and appropriate \$4,000 for its construction.

*Recommended:* That the substance of these articles be adopted.

**ARTICLES 18, 19.** To see if the Town will accept Wilshire Park from Great Plain Avenue to Harris Avenue so-called, under provisions of the Betterment Act, and appropriate \$8,500 for its construction.

*Recommended:* That the substance of these articles be adopted.

**ARTICLE 20.** To see if the Town will vote to construct a junior high school building on Greene's Field as recommended by the Special Committee appointed at the annual meeting in 1927 to investigate the needs for junior high school facilities, or take any action relating thereto.

The Finance Committee does not make any recommendation on report of Special Committees.

**ARTICLE 21.** To see if the Town will vote to appoint a committee of nine to secure plans and estimates for a junior high school building on Greene's Field and report at a Special Town Meeting to be held not later than June 15, 1928, and that the sum of twenty-five hundred dollars be appropriated for the use of this committee, on request of the special committee appointed at the annual meeting in 1927 to investigate the needs of junior high school facilities, or pass any vote or votes relating thereto.

*Recommended:* That the sum of \$1,200 be appropriated for the use of any committee appointed to secure plans and estimates if Art. 20 is adopted.

**ARTICLE 22.** To see if the Town will vote to authorize the Selectmen to appoint an inspector of wires, in accordance with the provisions of General Laws Chapter 166 Section 32.

*Recommended:* That the substance of this article be adopted.

**ARTICLE 23.** To see if the Town will vote to amend its By-laws by striking out Section 43 and inserting in place thereof the following:

Section 43. The Selectmen, annually in April, shall appoint an Inspector of Wires. If his office becomes vacant or he is unable to perform the duties thereof, the Selectmen shall appoint a person as acting Inspector of Wires, who shall perform the duties of Inspector of Wires until another is appointed or the disability is removed.

**ARTICLE 24.** To see if the Town will vote to amend its By-laws by adding thereto any, or all, of the following:

Section 43a. No person, firm, or corporation shall install any wires or system of wiring intended for the transmission of electricity for light, heat, or power, in any building, or change the position of, or make additions to, any wires or system of wiring that is so intended, without first notifying the Inspector of Wires, who shall be given full opportunity to inspect the same.

Section 43b. No person, firm, or corporation shall connect with a current of electricity any wires or system of wiring intended for the transmission of electricity for light, heat, or power, in any building, until such wires or system of wiring shall have been inspected and approved by the Inspector of Wires, and a written permit issued by him to make such connection.

Section 43c. No certificate of inspection shall be issued unless the electric light, power and heating installations are in strict conformity with

the provisions of the statutes of the Commonwealth of Massachusetts, and unless they are in conformity with the most approved methods of construction for safety to life and property. The regulations as laid down in the National Electrical Code as approved by the American Engineering Standards Committee and in the National Electrical Safety Code as approved by the American Engineering Standards Committee, and other installations and safety regulations adopted by the Town, shall be *prima-facie* evidence of such most approved methods.

*Recommended:* That the substance of these articles be adopted.

**ARTICLE 25.** To see if the Town will vote to amend its Building By-laws by striking out of Article VI, Section 6, the title words "Apartment Houses" and substituting in the place thereof the words "Semi-detached Houses," so that this section shall read

### **Semi-detached Houses**

Section 6. All houses arranged for the occupancy side by side of two families or more shall have a fire-proof partition wall between apartments, consisting either of a brick wall, not less than eight inches thick, extending from the cellar bottom to the underside of the roof-boardings, or of a brick or concrete wall not less than eight inches thick, extending from the cellar bottom to the top side of the first floor timbers, and above that to the under side of the roof-boardings of two by four inch studding, with the spaces between filled solid with bricks and mortar, or other fire-proof material, not less than four inches thick to make a smoke-tight barrier between the apartments.

on petition of Charles H. McClare and others.

**ARTICLE 26.** To see if the Town will vote to amend Part A, Article VI, of its Building By-laws by adding thereto the following:

Section 6a. In districts zoned for such buildings, apartment houses, with walls of brick or other incombustible materials, with wooden floor and roof timbers, may be erected; such buildings not to exceed four stories, or forty feet in height above the finished grade of the lot. The ground area of such buildings shall not exceed 65 per cent of the area of the lot on which it is to stand, nor shall floor area exceed 3,000 square feet without intervening brick walls, constructed as specified in Article VI, Section 5, of the Town Building By-laws; stairs, halls, exits, fire stops, partition walls, etc., shall conform with the requirements of the Department of Public Safety of this Commonwealth, or as may be provided for in other sections of said Building By-laws.

on petition of Charles H. McClare and others.

**ARTICLE 27.** To see if the Town will vote to amend its Building By-laws by striking out of Article VI, Section 45, the words "apartment houses" and "flat houses" so that the same shall read as follows:

### Definition of Tenement House

Section 45. A "tenement house" is any house or building, or portion thereof, which is rented, leased, let or hired out, to be occupied, or is occupied, or is intended, arranged, or designed to be occupied as the home or residence of two families or more living independently of each other (which family may consist of one or more persons) and having a common right in the halls, stairways, cellar, water closets or privies, or any of them. Tenement houses, include lodging houses, and hotels, and for the purpose of this article, three lodgers in a hotel or lodging house shall be deemed the equivalent in numbers of one family. Dwelling houses occupied or intended to be occupied as the home or residence of one family, or more, if built in a continuous row of more than two houses, if the halls, stairways, yard, cellar, water supply, water closets, or privies or any of them are used in common, shall be deemed to be tenement houses and shall be subject to all the provisions of this act.

*Recommended:* Pending the revision of the Town Building By-laws suggested in Art. 33 the committee recommends that these articles be dismissed.

**ARTICLE 28.** To see if the Town will vote to amend its Zoning By-law, so-called, so as to change from a single residence district to a manufacturing district the area bounded easterly by Highland Avenue, southerly by Arbor Street, so-called, westerly by land of the New York, New Haven & Hartford Railroad Company, and northerly by Mills Road, so-called, on petition of H. Walton and others.

**ARTICLE 29.** To see if the Town will vote to amend its Zoning By law, so-called, so as to change from a single residence to a business district the area bounded easterly by Highland Avenue, southerly by Hunnewell Street, northerly by land now or formerly of Virgil A. Rowe, and westerly by land of the New York, New Haven & Hartford Railroad Company, on petition of Alice Mitchell and others.

**ARTICLE 30.** To see if the Town will vote to amend its Zoning By-law, so-called, so as to change from a single residence to a business district the area bounded southerly by Central Avenue, easterly by Farm Brook, westerly by Rosegate Road, so-called, and northerly from a point on Rosegate Road located 125 feet north of Central Avenue running east 220 feet and thence north 200 feet to the aqueduct and from thence 150 feet parallel to the aqueduct in an easterly direction and thence 240 feet in a southerly direction to the junction of Farm Brook and Central Avenue, on petition of Ruth A. Webb and others.

**ARTICLE 31.** To see if the Town will vote to amend its Zoning By-law, so-called, so as to change from a general residence to a manufacturing district the area bounded southerly by Forest Avenue, so-called, and Fremont Street, so-called, westerly by Lenox Street, so-called, northerly by land of the New York, New Haven & Hartford Railroad Company, and easterly by Franklin Street, so-called, on petition of Frank Generazio and others.

*Recommended:* Having no recommendations from the Planning Board covering these changes, the committee recommends dismissal.

**ARTICLE 32.** To see if the Town will vote to amend its Zoning By-law, so-called by striking out paragraph (a) of Section 9 and in place thereof substituting the following:

(a) The limit of height in business and manufacturing districts shall not exceed forty feet,  
on petition of the Planning Board.

*Recommended:* That this article be dismissed.

**ARTICLE 33.** To see if the Town will vote to authorize and instruct the Planning Board to submit to the next annual Town Meeting a revision of the Town Building By-laws, or pass any vote or votes relative thereto, on petition of the Planning Board.

*Recommended:* That a Committee of seven be appointed by the Moderator to submit on or before the next annual Town Meeting a revision of the Town Building By-laws.

**ARTICLE 34.** To see if the Town will vote to amend its Zoning By-law so-called, by striking out of Section 3 the words "In a single residence, district no building shall be erected, altered, or used except for one or more of the following uses" and in place thereof substituting the following:

In a single residence district no building shall be erected, altered, or used, and no premises shall be used, except for one or more of the following uses,  
or pass any vote or votes relative thereto, on petition of the Planning Board.

*Recommended:* That this change be made to conform with statute law.

**ARTICLE 35.** To see if the Town will authorize its Selectmen, acting as its agents and attorneys in fact for and in behalf of the Town, to enter into a compromise settlement with the other legatees and devisees under the will of George E. Wye, substantially in accordance with a proposed agreement of compromise now on file with the Town Clerk, or pass any vote or votes relating thereto.

*Recommended:* That the substance of this article be adopted.

**ARTICLES 36-39.** To see if the Town will authorize the Selectmen to install street lights, as specified, on Coulton Park, Riverside Street, Hillcrest Road, and Birds Hill Avenue.

*Recommended:* That the substance of these articles be adopted.

**ARTICLE 40.** To see what sum of money the Town will appropriate for the construction of particular sewers and house connections.

*Recommended:* That the sum of \$10,000 (same as 1927) be appropriated, Sewer regulations require that the cost of such connections be paid in advance by the property owner, and this article simply legalizes the use of these payments for this specific purpose.

**ARTICLE 41.** To see if the Town will appropriate the sum of \$5,458.49 to reimburse the Sewer Construction Account for uncollectible sewer assessments made in 1926 against town property, or pass any vote or votes relative thereto.

*Recommended:* That the sum of \$5,458.49 be appropriated to reimburse the Sewer Construction account for uncollected Sewer assessments made in 1926 against Town property.

**ARTICLE 42.** To see if the Town will appropriate the sum of \$16,000 of the receipts from sewer assessments and payments made in lieu thereof for the purpose of extensions of the Common Sewers under the direction of the Sewer Commissioners, or pass any vote or votes relative thereto.

*Recommended:* That the substance of this article be adopted. The entire amount is in the Treasury.

**ARTICLE 43.** To see if the Town will appropriate the sum of \$15,000 for the purpose of extensions of the Common Sewers, or pass any vote or votes relative thereto.

*Recommended:* That the substance of this article be adopted.

**ARTICLE 44.** To see if the Town will authorize its Treasurer, with the approval of a majority of its Selectmen, to borrow \$15,000 for the purpose of extensions of its Common Sewers, as voted in Article 43 of this warrant, and in accordance with General Laws, Chapter 44, Section 7 (1) and the Acts in amendment thereto, and to issue its notes or bonds therefor, payable in accordance with General Laws, Chapter 44, Section 19, and the Acts in amendment thereto, so that the whole loan shall be paid in not more than five years, or at such earlier date as the Treasurer and Selectmen may determine.

*Recommended:* That the substance of this article be adopted. The money is to be repaid from sewer assessments as received.

**ARTICLE 45.** To see if the Town will vote to instruct the Memorial Park Trustees to erect a suitable wire fabric fence 72 inches high having three strands of barbed wire at top, on the southerly boundary of Memorial Park starting at the southeast corner and running westerly to Highland Avenue, on petition of Arthur W. Rohn and others, or pass any vote or votes relating thereto.

*Recommended:* That the substance of this article be adopted, provided the abutters will pay one-half of cost.

**ARTICLE 46.** To see if the Town will appropriate the sum of one thousand seven hundred dollars (\$1,700) for the construction of the fence referred to in Article 45, on petition of Arthur W. Rohn and others, or pass any vote or votes relating thereto.

*Recommended:* That the sum of \$850 be appropriated to pay one-half of the cost.

**ARTICLE 47.** To see if the Town will accept the entire property and assets of the Glover Home and Hospital and operate the same as a Town Hospital to be known as the Glover Memorial Hospital, provided all necessary legal formalities are complied with in making a transfer of the

same to the Town, including, if necessary, the sanction of the Supreme Court, or pass any vote or votes relating thereto, on petition of the Glover Home and Hospital, Trustees.

*Recommended:* That a committee of five be appointed by the Moderator to consider this article and report on or before the next annual Town Meeting.

**ARTICLE 48.** To see if the Town will authorize and direct the Moderator to appoint a committee of five citizens to have charge of the celebration of the Fourth of July with authority to expend any money appropriated by the Town for such a celebration, or pass any vote or votes relative thereto, on petition of Needham Post 14, American Legion, and others.

**ARTICLE 49.** To see if the Town will appropriate the sum of one thousand dollars (\$1,000) for the celebration of the Fourth of July, 1928, or pass any vote or votes relative thereto on petition of Needham Post 14, American Legion, and others.

*Recommended:* That the substance of these articles be adopted.

**ARTICLE 50.** To see if the Town will vote to amend its Zoning By-law, so-called, so as to change from a single residence to a business district the area bounded northerly by Central Avenue, easterly by Webster Street, southerly by land of the Town of Needham, westerly by land now or formerly of John M. Hodge, on petition of the Planning Board.

**ARTICLE 51.** To see if the Town will vote to amend its Zoning By-law, so-called, so as to change from a single residence to a business district the area bounded southerly by land of Samuel S. and Bertha A. Smith and land now or formerly of William H. Wye, westerly by land of the New York, New Haven & Hartford Railroad Company, northerly by land of the William Carter Company, and easterly by Highland Avenue, on petition of the Planning Board.

*Recommended:* That the substance of these articles be adopted. Both articles were accepted last year but not in proper form.

**ARTICLE 52.** To see if the Town will vote to have the reports of its officers, the proceedings of this and subsequent Town Meetings, printed and distributed, or pass any vote or votes relative thereto.

*Recommended:* That these reports be printed and distributed in the same manner as in the past.

Respectfully submitted,

## ANNUAL REPORT

OF THE

# BOARD OF ASSESSORS

FOR THE YEAR 1928

NEWTON  
GARDEN CITY PRESS, INC.  
1929

## ASSESSORS' REPORT

We receive communications by letter, telephone, and personal calls from the abutters to explain to them how we arrive at the yearly total of the betterment tax.

The answer is this: if the citizens wish to extend the time for payment they should return their bill to the Assessors at once and have it proportioned for a period of years not exceeding ten, and no payment to be less than five dollars.

The first payment is without interest, thereafter the balance is subject to interest at 6% which amount is added to the yearly payment. In nearly every instance the first payment varies slightly in order to make the second and succeeding yearly payments the same amount.

Following is an example:

	1927	1928	1929	1930	1931
Balance .....	\$145.52	\$130.95	\$116.40	\$101.85	\$87.30
Yearly Payment .....		14.55	14.55	14.55	14.55
Interest .....		7.85	6.98	6.11	5.24
Yearly Total .....	\$14.57	\$22.40	\$21.53	\$20.66	\$19.79

	1932	1933	1934	1935	1936
Balance .....	\$72.75	\$58.20	\$43.65	\$29.10	\$14.55
